36-inch-wide 120-volt cubed-front countertop heated deli display case with rear access

Our sophisticated cubed-glass Vollrath® heated deli display case has all the right angles for maximizing space, keeping prepared foods hot and access easy. Delivering 120 volts of power, this hot food essential provides a range of 104°F to 165°F for maximum product flexibility, safety and freshness. On the aesthetic side, interior LED lighting at the top and at

each shelf makes products pop, and the cubed shape features two floating shelves, each adjustable to three positions for creative customization. Bringing up the rear are sliding doors that make it easy to serve, refill and clean.

36-inch-wide case fits in virtually any space

Units are UL/NSF/ANSI 4 compliant which allows for Time-Temperature controlled (TCS) foods to be consumed safely by humans

Zero clearance on sides or between units and walls (Note: Top and operator side must remain open for proper operation and service)

Fans circulate air for accurate, even heating

NSF dial thermometer included with unit

Digital thermostat on control panel provides precise settings

Argon-filled and sealed double-pane low emissivity glass provides strength and energy efficiency

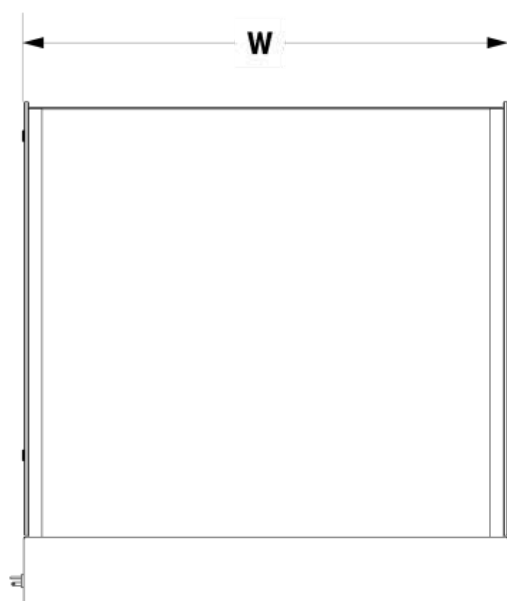

Rear sliding doors lift and remove for easy access

May be used as an ambient display for flexibility

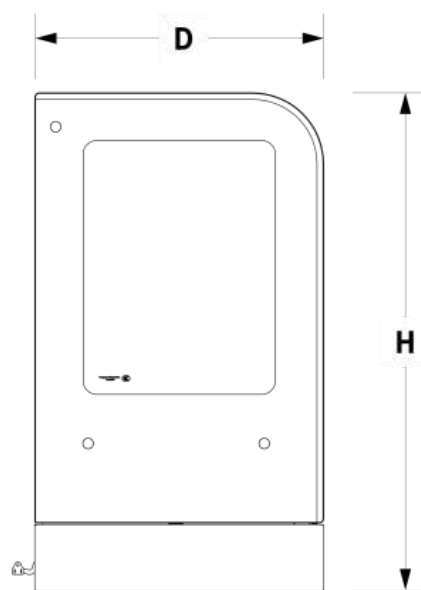

6-foot cord allows you to display virtually anywhere

4-inch adjustable legs available for purchase separately

120-volt Cayenne® curved-front bain-marie heated display case with rear access

The Vollrath® Cayenne bain-marie heated display case heats and displays a variety of food items. The double-wall stainless steel base reduces heat loss, and the unique heating element allows this well to be used dry or wet for increased versatility. An energy regulator dial gives you complete control over temperature, maintaining food safety. Two adapter bars can be used to divide wells. The stainless steel top is heated, keeping plates warm, and the rear sliding glass doors simply lift out for easy cleaning.

Accommodates a wide range of foods with both dry and wet heat functions to control temperature and humidity

Top-mounted halogen lighting for excellent staging of merchandised food

Double-wall stainless steel base reduces heat loss

Energy regulator dial ensures temperature accuracy

Rear drainage valve and removable rear doors make cleaning quick and efficient

Countertop or drop-in unit, depending on your preference

Two 12-inch adapter bars allow for a variety of pan sizes and configurations

26-inch-wide 120-volt Cayenne® angled-front heated display case with front and rear access in black

The Vollrath® Cayenne angled-front heated display case heats and displays a variety of food items. Precise temperature and humidity controls keep items looking and tasting fresh. Front and rear sliding doors allow easy access for customers and staff, making food selection and

restocking simple and convenient. The three adjustable shelves create a variety of display options, and internal lighting improves product visibility. With a classic black finish, this display case is ideal for convenience stores, cafeterias, concession stands and more.

- Accommodates a wide variety of hot food products

Double-wall stainless steel construction keeps cabinet cool

Thermostatically controlled for more accurate heating

Specially designed baffle evenly distributes temperature
- Internal humidifying system monitors and controls humidity to maintain food quality

Adjustable stainless steel shelving is built to last

Temperature range from 85°F to 175°F

3-tier 60-inch-wide 120-volt cubed-glass refrigerated display case with rear access

The Vollrath® cubed-glass refrigerated display case chills and displays a variety of food items. Precise temperature controls keep items looking and tasting fresh. Durable, double-glazed front glass provides excellent insulation and visibility, while dual fans circulate air for even temperature distribution. Rear sliding doors allow easy access, making food selection and restocking simple and convenient. The three shelves provide plenty of room for your products, and the interior LED lighting optimizes food visibility.

Accommodates a wide variety of cold food products

Digitally controlled thermostat ensures accurate refrigeration

Rear doors lift out for easy cleaning

Please note that this item must be shipped by truck

3-year limited warranty on compressor

International models have CE certification only

Temperature range from 36°F to 46°F

These units utilize R134a refrigerant

Cubic modular display case set with two nose cases and angled stand

Designed to exceed expectations, the cubic modular display case set by Vollrath creates a beautiful presentation in your buffet or serving area. This set includes two nose cases, an angled stand, two trays, reusable chalk labels and one box of white chalk. The clear nose cases offer excellent product visibility and convenient front access, while the two-tier metal

angled stand is strong, sturdy and maximizes vertical space. The reusable chalk labels are perfect for self-service areas and allow you to identify your food products; list ingredients or note vegan, gluten-free, dairy-free or other diet-specific options.

Showcase your food items in your buffet or self-service area

Set includes two nose cases, a two-tier metal angled stand, two trays, reusable chalk labels and a box of white chalk

Clear nose cases provide excellent product visibility and front-access doors for easy self-service

Durable two-tier metal angled stand maximizes vertical space and creates a sophisticated display

Reusable chalk labels allow you to identify your food products; list ingredients or note vegan, gluten-free, dairy-free or other diet-specific options

Cases are NSF-certified

Made in the USA

Large 3-tier clear acrylic Euro curved-front baked goods display case

Designed to draw your customer's eye, the clear acrylic baked goods display case by Vollrath ensures all your beautiful creations are highly visible. The heavy-duty acrylic construction promises years of use, and the curved front creates an attractive display while highlighting the beauty of the items placed inside. With three clear trays and a rear door, this display case is easy to use and allows quick restocking and service. Rubber feet prevent

unwanted movement and protect your countertops, so you can place this display case wherever it's needed most, making it an excellent choice for storing and displaying all your delicious baked goods.

- Store and display all your baked goods

Heavy-duty clear acrylic construction is durable and long-lasting

Rear door allows for convenient restocking and service
- Euro curved-front design creates an attractive presentation

Includes three 18" x 26" clear trays

Rubber feet prevent movement and protect countertops

48-inch-wide 120-volt cubed-front countertop heated deli display case with rear access

Our sophisticated cubed-glass Vollrath® heated deli display case has all the right angles for maximizing space, keeping prepared foods hot and access easy. Delivering 120 volts of power, this hot food essential provides a range of 104°F to 165°F for maximum product flexibility, safety and freshness. On the aesthetic side, interior LED lighting at the top and at

each shelf makes products pop, and the cubed shape features two floating shelves, each adjustable to three positions for creative customization. Bringing up the rear are sliding doors that make it easy to serve, refill and clean.

48-inch case combines versatility with convenience

Units are UL/NSF/ANSI 4 compliant which allows for Time-Temperature controlled (TCS) foods to be consumed safely by humans

Zero clearance on sides or between units and walls (Note: Top and operator side must remain open for proper operation and service)

Fans circulate air for accurate, even heating

NSF dial thermometer included with unit

Digital thermostat on control panel provides precise settings

Argon-filled and sealed double-pane low emissivity glass provides strength and energy efficiency

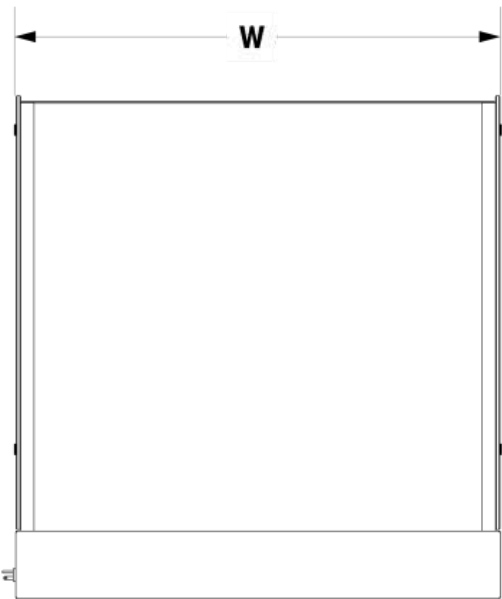

Rear sliding doors lift and remove for easy access

May be used as an ambient display for flexibility

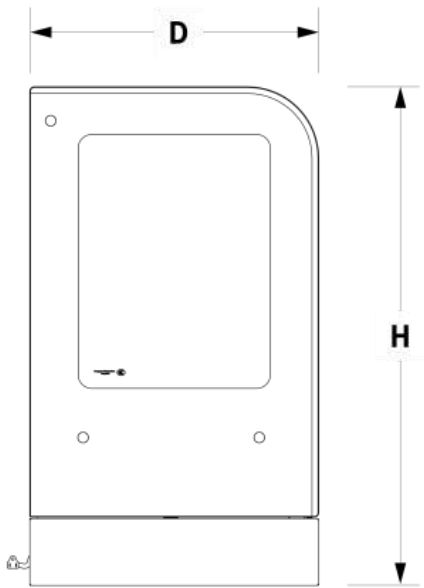

6-foot cord allows you to display virtually anywhere

4-inch adjustable legs available for purchase separately

60-inch-wide case maximizes product selection

Units are UL/NSF/ANSI 4 compliant which allows for Time-Temperature controlled (TCS) foods to be consumed safely by humans

Zero clearance on sides or between units and walls (Note: Top and operator side must remain open for proper operation and service)

Fans circulate air for accurate, even heating

NSF dial thermometer included with unit

Digital thermostat on control panel provides precise settings

Argon-filled and sealed double-pane low emissivity glass provides strength and energy efficiency

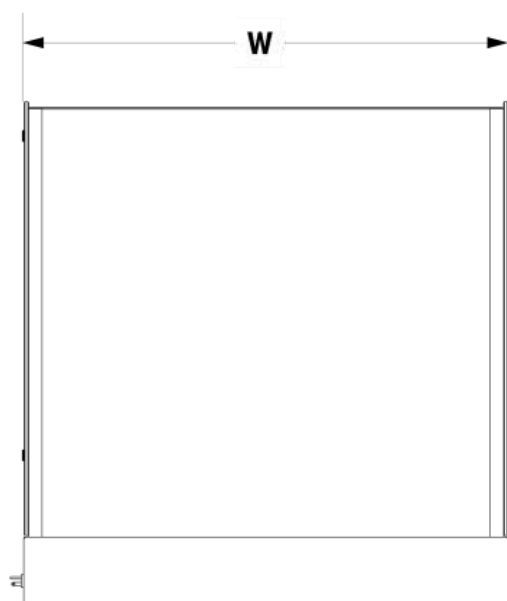

Rear sliding doors lift and remove for easy access

May be used as an ambient display for flexibility

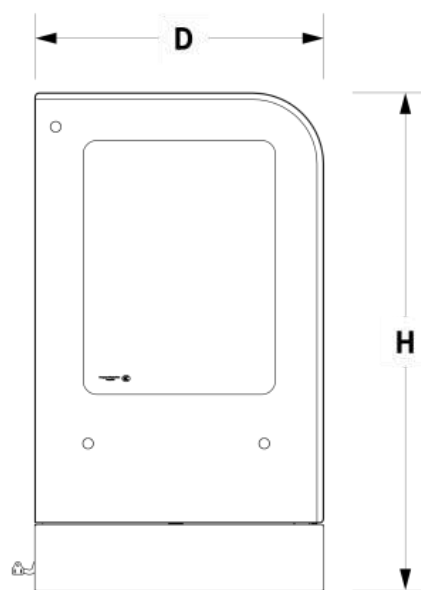

6-foot cord allows you to display virtually anywhere

4-inch adjustable legs available for purchase separately

36-inch-wide 120-volt angled-front heated display case with front and rear access in black

Angled-front heated display case keeps hot food looking and tasting its best. Precise temperature and humidity controls help ensure food safety and freshness, with front and rear sliding doors for grab-and-go customer convenience and easy restocking. Three adjustable shelves provide a variety of display options, with internal lighting to boost visibility. With a classic black finish, this case is perfect for convenience stores, cafeterias, concession stands and more.

36-inch-wide design accommodates a variety of items

Thermostatic controls maintain heat at 95°F to 200°F

A NSF hot holding thermometer is included

Specially designed baffle evenly distributes temperature

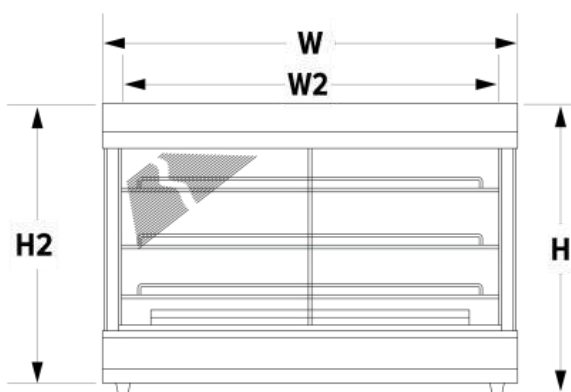

System monitors and controls humidity to keep food fresh

Front and rear sliding, lockable doors enable easy access

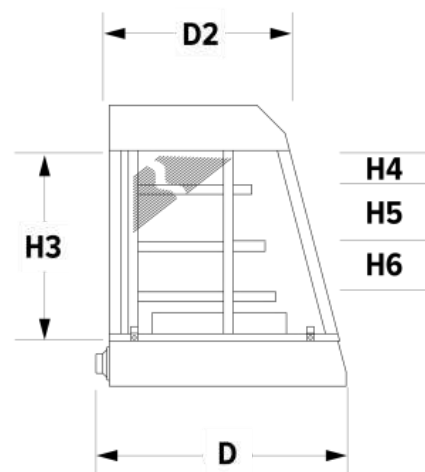

Adjustable stainless steel shelving is built to last

LED lighting can be used while unit heat is on or off

2-tier acrylic knockdown baked goods display case with front and rear access

The 2-tier knockdown baked goods display case by Vollrath displays your baked goods beautifully. Made of clear acrylic, this countertop case assembles in minutes and ensures great product visibility. Each of the two tiers has a black tray and a self-closing door, which allows easy access while acting as a sneeze guard to maintain sanitation. With the front

doors providing self-serve convenience and the rear doors allowing quick restocking, this display case is a favorite of both customers and staff, making it the ideal choice for your baked goods display.

- Designed to display your most popular baked goods

High-quality, heavy-gauge acrylic construction lasts for years

Individual self-closing front doors are easy to use and keep food protected

Front and rear doors allow quick access for both customers and staff
- Rubber feet prevent movement and protect countertops

Knockdown cases are assembled quickly and reduce shipping costs

Made in the USA

Two black 14" x 18" trays are included

36-inch-wide 120-volt cubed-glass countertop Refrigerated deli display case with rear access

For a cool display with maximum space, the cubed-glass Vollrath® refrigerated display deli case has all the right angles. With a stylish cubed design that holds space for two floating, adjustable shelves, it chills right on your countertop, where customers can see the freshness inside thanks to double-glazed front glass that won't fog. Serving up 120 volts, its precise digital temperature control, interior lighting at the top and at each shelf, and easy-access rear sliding doors make the case for must-have convenience.

Units are UL/NSF/ANSI 7 compliant which allows for Time-Temperature controlled (TCS) foods to be consumed safely by humans

32°F to 46°F temperature range adds versatility

Zero clearance on sides or between units and walls (Note: Top and operator side must remain open for proper operation and service)

Fans circulate air for accurate, even cooling

Self-contained system offers improved auto and manual defrost

Auto defrost is improved to every 3 hours for 10 minutes

LED Lighting

Digital thermostat on control panel provides precise settings

Glass heater keeps customer viewing area clear

Rear sliding doors lift and remove for easy cleaning

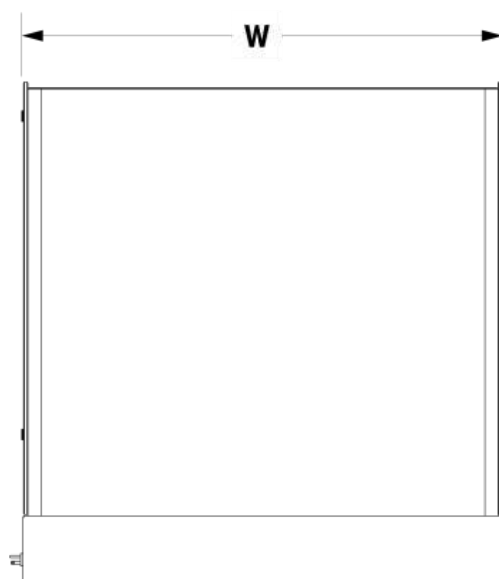

R-290 is a high-performing, environmentally friendly refrigerant

4-inch adjustable legs available for purchase separately

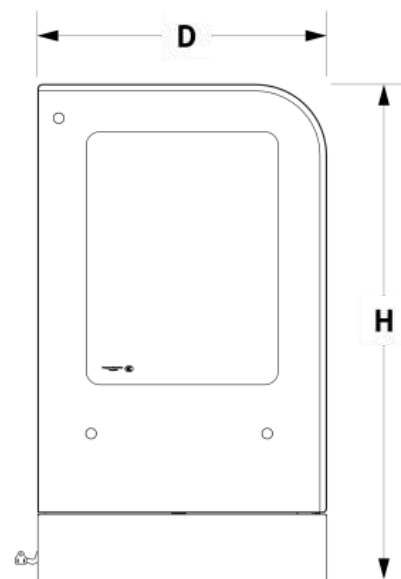

Standard Vollrath 1 year warranty, 5-year limited warranty on compressor

UL Energy Verified for Canada

60-inch-wide 120-volt curved-glass countertop Refrigerated deli display case with rear access

This curved-front Vollrath® refrigerated deli display case chills right on your countertop, for easy display and access to cold food items. Customers can see the freshness, thanks to double-glazed front glass that won't fog and a floating shelf that's adjustable to three positions. Serving up 120 volts, its precise digital temperature control, interior lighting at the top and shelf, and easy-access rear sliding doors make the case for must-have convenience.

Units are UL/NSF/ANSI 7 compliant which allows for Time-Temperature controlled (TCS) foods to be consumed safely by humans

32°F to 46°F temperature range adds versatility

Zero clearance on sides or between units and walls (Note: Top and operator side must remain open for proper operation and service)

Fans circulate air for accurate, even cooling

Self-contained system offers improved auto and manual defrost

Auto defrost is improved to every 3 hours for 10 minutes

LED Lighting

Digital thermostat on control panel provides precise settings

Glass heater keeps customer viewing area clear

Rear sliding doors lift and remove for easy cleaning

Three-position adjustable, floating shelf offer a sleek aesthetic and flexible display options

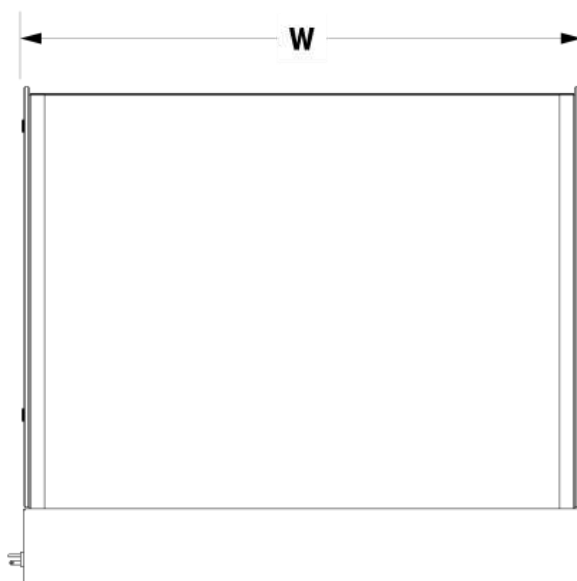

R-290 is a high-performing, environmentally friendly refrigerant

4-inch adjustable legs available for purchase separately

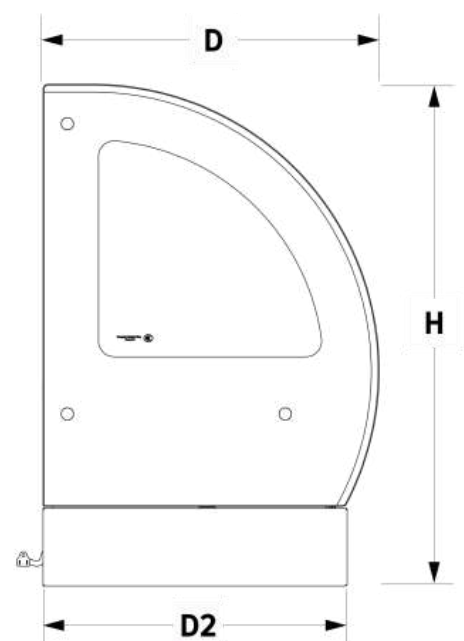

Standard Vollrath 1 year warranty, 5-year limited warranty on compressor

UL Energy Verified for Canada

9-inch clear tongs with holder and tether

The tongs by Vollrath are the perfect addition to your self-service area. Made of clear, unbreakable polycarbonate, these tongs are exceptionally durable, making them perfect for constant use. The space-saving holder and tether work together to keep the tongs clean and within reach at all times, and the reclosable tape fasteners allow fast, reliable mounting. These tongs are perfect for bagels, bread, buns and more.

Made in the USA

Clear unbreakable polycarbonate construction is perfect for constant use

Holder keeps the tongs off the counter for improved sanitation

Tether keeps the tongs in their intended location, so they're always within reach

Reclosable tape fasteners allow fast, reliable mounting

Designed for bagels, bread, buns and much more

Extra-large two-tier baked goods display case with front and rear access

The extra-large baked goods display case by Vollrath creates a beautiful presentation. Made of clear acrylic, this display case ensures great product visibility. Each tier comes with a clear removable tray, and the lower compartment stores bags, boxes and tongs perfectly. The rear doors allow for quick restocking, while the front doors ensure easy self-service access and

have soft-closing features to prevent loud slams or accidental finger pinches. This two-tier display case fits on standard-sized countertops, making it the perfect choice for your bakery, café or diner.

- Designed to display your most popular baked goods

Heavy-duty 1/2-inch-acrylic construction lasts for years
- Rear doors allow for quick restocking

23-inch-deep display case fits on standard 24-inch countertops
- Soft-closing front doors prevent loud noise and customer injury while ensuring easy access to products

Two clear 18" x 26" trays are included
