Half-long-size Super Pan® solid high-temperature plastic cover in amber

The Super Pan high-temperature plastic cover is perfect for steam tables and microwaves. The durable construction is strong, reliable and approved for temperatures between -40°F and 375°F. The sleek handle saves space, allows stacking as needed and offers a comfortable grip. The amber color is easily identifiable, and the sleek design fits on your Super Pan steam table pan perfectly.

High-temperature plastic is durable and approved for temperatures between -40°F and 375°F

Sleek handle saves space, allows stacking and offers a comfortable grip

Designed for steam tables and microwaves — not for use in ovens, combi-steamers or convection ovens

Made in the USA

NSF-certified

9 5/8-inch contemporary stainless steel hinged inset cover

The contemporary hinged inset cover features a unique, elegant design. The stainless steel construction is durable and long-lasting, while the mirror finish creates a sophisticated appearance. A permanently welded handle doubles as a kickstand for the lid, for convenient, quick and mess-free serving without removing the cover completely. A notched slot keeps the serving utensil in place, preventing it from sliding into the food. No-friction tabs allow easy removal for cleaning or refilling.

Stainless steel is durable and long-lasting	Lid design allows convenient, quick serving and helps condensation return to the inset to maintain food quality and prevent messes
Mirror finish creates an elegant appearance	
Permanently welded handle doubles as a kickstand for the lid	Notched slot holds serving utensil in place, preventing it from sliding into the food

11 7/16-inch contemporary stainless steel hinged inset cover

This mirror-finish stainless steel cover features a permanently welded handle that serves as a kickstand to prop the lid open, a large opening for easy access and a slot for a ladle or spoon. A convenient notched slot keeps the serving utensil handy and prevents it from sliding into food. This hinged lid makes it easy to serve food without completely removing the cover, and it's designed to help condensation return to the inset. No-friction tabs allow easy removal for cleaning or refilling. This lid fits select 11-quart insets.

[Durable stainless steel construction](#)

Handle serves as a kickstand to keep cover open for easy access to food

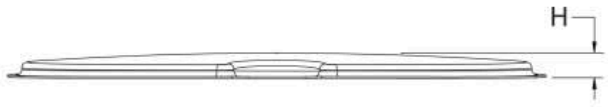

Handle design dissipates heat to make it cooler to the touch

No-friction tabs

Eighth-size Super Pan V[®] slotted stainless steel cover

Protect food, maintain temperature and prevent contamination with the Super Pan V solid cover. Made of strong stainless steel, this durable cover is sure to last for years, and the bright finish creates an elegant appearance. The sturdy center handle offers a comfortable grip and makes it easy to remove the cover when needed, while the flat design allows for space-saving stacking. A slot keeps a serving utensil within reach and prevents it from sliding into the pan. Reinforced edges add strength, preventing dents and dings, making this cover perfect for busy, fast-paced kitchens.

22-gauge 300-Series stainless steel is durable and long-lasting

Reinforced edges provide additional strength and resist dents and dings to maintain fit

Flat center handle offers a comfortable grip and ensures easy removal

Slot keeps serving utensil within reach and prevents it from sliding into the pan

Full-size stainless steel hinged dome steam table pan cover

This durable 300-Series stainless steel hinged dome cover fits standard full-size steam table pans and features a center hinge that allows product to be served from either side of the pan without fully removing the cover. That helps prevent heat from escaping, keeps contaminants out and eliminates the need for extra space to set a cover. Half-circle end handles offer safe and easy access.

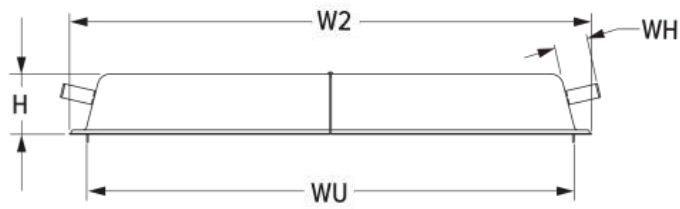

Durable 300-Series stainless steel
Sturdy welded handles

Convenient hinge allows easy access
to food without having to remove entire
cover
