## 1/2-ounce heavy-duty stainless steel ladle with black Kool-Touch® handle

The stainless steel ladle by Vollrath allows you to stir, scoop and serve with efficiency and ease. This versatile ladle is made of heavy-duty stainless steel that is fully functional up to 350°F and features a Kool-Touch handle. This insulated handle is color-safe up to 225°F, offers a comfortable grip and has all-natural antimicrobial properties. The precise bowl dimensions ensure accurate capacity, and the stamp on the handle allows for quick identification. With a hooked handle to prevent sliding into pots and a smooth, one-piece design, this ladle is easy to clean and a valuable addition to any kitchen.

- Heavy-duty 18-8 grade stainless steel is durable and long-lasting

1/2-ounce capacity is ideal for small servings

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle creates a comfortable, cool grip

Handle is color-safe up to 225°F
- Insulated handle is permanently bonded, so it will not slip or peel off

Precise bowl dimensions promise accurate capacity

Capacity stamp on handle provides quick identification

Hooked handle prevents sliding into pots and offers convenient storage

One-piece design is easy to clean

## 10-inch stainless steel French whip

Blend your signature sauces to smooth perfection with the French whip by Vollrath. Featuring strong, thick stainless steel wires that are reinforced by a center wire, this French whip is sure to maintain its shape. The elongated design is ideal for deep vessels and straight-sided pans, making this whip the perfect choice for large batches and heavier food products. Integral nubs on the one-piece handle ensure a safe, comfortable grip and excellent control.

Strong stainless steel wires resist corrosion and rusting

Thick wires are ideal for blending sauces or other heavy food products

Center reinforcement wire eliminates bending, twisting and deforming

Elongated shape is perfect for deep vessels and straight-sided pans

One-piece handle features integral nubs that offer a comfortable grip and excellent control

Sleek design is easy to clean

NSF-certified

Designed for large batches and heavier food products

## 12-ounce Traex® Color-Mate single-tip clear squeeze dispenser with purple top

Provide easy access to popular condiments with the Traex Color-Mate single-tip squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the purple top fits perfectly into your color-coded system. The single tip allows for impressive precision and control during dispensing.

Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Single tip allows for impressive precision and control during dispensing

Purple top fits perfectly into your color-coded system
- Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## Traex® squeeze dispenser single-tip replacement cap in red

Replace an old cap or add versatility to your double- or triple-tip squeeze dispenser with this single-tip replacement cap. Designed to fit standard openings, this cap fits seamlessly onto your Traex squeeze dispenser and creates a tight, no-leak seal to prevent spills and messes. The single tip allows for impressive precision and control during dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. The red color fits perfectly into your color-coded system, while the strong construction promises years of use and is dishwasher-safe for easy cleaning.

- Strong construction promises years of use

Single tip allows for impressive precision and control during dispensing

Red color fits perfectly into your color-coded system
- Creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

Designed to fit your Traex squeeze dispenser with a standard opening

## 24-ounce Traex® clear squeeze dispenser with FlowCut™ cap and cap converter kit

Streamline and simplify your condiment service with this Traex squeeze dispenser by Vollrath. The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. The patented FlowCut valve allows you to hold the dispenser upside down, and will not dispense product until squeezed. As soon as pressure is released, the valve stops dispensing! It's easy, efficient, prevents messes and improves

accuracy. And, the flat cap allows you to store the dispenser upside down when the product starts to run low, which helps get the last drops of product out of the dispenser and reduces waste. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The cap converter allows you to use standard-size caps on wide-mouth bottles for additional versatility. This squeeze dispenser is dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Clear bottle and top offer excellent visibility

FlowCut valve design allows you to hold dispenser upside down, and will only dispense product when squeezed to prevent messes while improving efficiency and accuracy

Flat cap allows dispenser to be stored upside down when needed to get last drops of product out

Cap converter allows you to use standard caps on wide-mouth bottles for additional versatility

Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

Made in the USA

Perfect for serving condiments, dressings, sauces and more

## Traex® Color-Mate™ drain box set in yellow

Thawing and draining frozen food is an easy task with the Traex Color-Mate drain box set by Vollrath. The 5-inch-deep perforated drain box, the accompanying holding box and the snap-on lid all feature strong construction, promising years of service. The 2 ½-inch lid height increases capacity by 46 percent, and the snap-on design firmly attaches to boxes. Built-in handles ensure convenient lifting and transporting, and all items in this set are dishwasher- and freezer-safe. Thanks to the bright yellow color, this drain box set is easily identifiable and fits into your HACCP color-coded program perfectly.

Durable polypropylene construction

Set includes 5-inch-deep perforated drain box, accompanying holding box and snap-on lid

2 ½-inch lid height increases capacity by 46 percent

Yellow color fits into your HACCP color-coded program perfectly

Built-in handles ensure convenient lifting and transporting

Dishwasher- and freezer-safe

NSF-certified

Designed for thawing and draining a variety of frozen food items

Clean your pots and pans without scratching or marring their surfaces with the pan scraper by Vollrath. This simple, little tool is made of rigid polyethylene that offers incredible strength, so it won't bend or break, and the smooth design is easy to clean. When you're not using it for scraping, it can also deglaze pans or clean small crevices in your work area, making it a versatile addition to any commercial kitchen.

Strong polyethylene won't bend or break

Cleans pots and pans safely, without marring or scratching surfaces

Smooth design is easy to clean

Made in the USA

Designed for scraping pots and pans,  
but can also be used for deglazing or  
cleaning small areas

## Traex® Color-Mate drain box set in yellow with 7-inch-deep perforated drain box, 7-inch-deep storage box and standard lid

Thawing and draining frozen food is an easy task with the Traex Color-Mate drain box set by Vollrath. The perforated drain box, storage box and standard lid all feature strong construction, promising years of service. The recessed lid design allows for space-saving

stacking, and built-in handles ensure convenient lifting and transporting. Thanks to the bright yellow color, this drain box set is easily identifiable and fits into your HACCP color-coded program perfectly.

Durable polypropylene construction

Set includes 7-inch-deep perforated drain box, 7-inch-deep storage box and standard lid

Yellow color fits into your HACCP color-coded program perfectly

Recessed lid firmly attaches to boxes and allows for space-saving stacking

Built-in handles ensure convenient lifting and transporting

Dishwasher- and freezer-safe

NSF-certified

Designed for thawing and draining a variety of frozen food items

## 7-inch-deep Traex® Color Mate™ food storage box in red

Dishwasher- and freezer-safe, this storage box offers an affordable and sanitary food storage and transportation solution. The durable polypropylene construction is designed to provide years of quality service, while convenient, built-in carrying handles make it easy to transport. The red color is commonly used for raw meat, if this box is used as part of a HACCP program. Optional lid snaps on, secures the contents inside and is sold separately.

Rugged high density polyethylene  
construction

7-inch depth easily fits a wide variety of  
items

Built-in carrying handles allow for easy transportation

Great for use in your HACCP program

Optional snap-on lid secures contents inside and is sold separately

Dishwasher- and freezer-safe

NSF-certified

Made in the USA

Ideal for storing, transporting, organizing, bussing and more

## 7-inch-deep Traex® Color Mate bulk-packed food storage boxes in green

The Traex Color-Mate food storage boxes by Vollrath are affordable, effective and easy to use. The durable polypropylene construction is designed to provide years of quality service, and convenient built-in carrying handles make it easy to transport. The 7-inch depth fits plenty of food items, while the bright green color makes this storage box easily identifiable and fits into your HACCP color-coded program perfectly.

Rugged high density polyethylene construction

7-inch depth fits a wide variety of items

Green color fits into your HACCP color-coded program

Built-in handles ensure convenient lifting and transporting

Dishwasher- and freezer-safe

Bulk pack is perfect for large, busy kitchens

NSF-certified

Ideal for storing, transporting, organizing, bussing and more

## Traex® Color-Mate™ drain box set in red

Thawing and draining frozen food is an easy task with the Traex Color-Mate drain box set by Vollrath. The 5-inch-deep perforated drain box, the accompanying holding box and the snap-on lid all feature strong construction, promising years of service. The 2 ½-inch lid height increases capacity by 46 percent, and the snap-on design firmly attaches to boxes. Built-in handles ensure convenient lifting and transporting, and all items in this set are dishwasher- and freezer-safe. Thanks to the bright red color, this drain box set is easily identifiable and fits into your HACCP color-coded program perfectly.

Durable polypropylene construction

Set includes 5-inch-deep perforated drain box, accompanying holding box and snap-on lid

## Traex® Color-Mate™ Combo Sets with Snap-On Lid

The Traex® Color-Mate yellow food storage drain box and lid set includes everything you need to easily drain and thaw products while reducing the risk of cross-contamination! When used along with other colors of food boxes, you can designate a different color for each type of food product in your kitchen. This set's yellow color is commonly used for poultry. The perforated drain box nests inside the food box to keep the draining liquids away from your thawing product. Each component's rugged polypropylene construction is designed to withstand years of heavy use, while convenient carrying handles make it easy to transport from walk-in to prep table and anywhere in between.

Affordable and sanitary food storage solutions

## Traex® squeeze dispenser Twin Tip™ replacement cap in brown

Replace an old cap or add versatility to your standard squeeze dispenser with this Twin Tip replacement cap. Designed to fit standard openings, this cap fits seamlessly onto your Traex squeeze dispenser and creates a tight, no-leak seal to prevent spills and messes. The Twin Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. The brown color fits perfectly into your color-coded system, while the strong construction promises years of use and is dishwasher-safe for easy cleaning.

Strong construction promises years of use

Twin Tip design saves time in high-volume areas and quickly dispenses product over larger food items

Brown color fits perfectly into your color-coded system

Creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

Designed to fit your Traex squeeze dispenser with a standard opening

## 8-ounce Traex® Color-Mate Twin Tip™ clear squeeze dispenser with clear top

Provide easy access to popular condiments with the Traex Color-Mate Twin Tip squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle and top offer excellent visibility, allowing you and your guests to identify the contents at a glance. The Twin Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads, sandwiches, and

more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible	Embossed capacity graduations help control portions
Clear bottle and top offer excellent visibility	Top creates a tight, no-leak seal to prevent spills and messes
Twin Tip top design saves time in high-volume areas and quickly dispenses product over larger food items	Both bottle and top are dishwasher safe for easy cleaning
	Bottle is NSF-certified

## 8-ounce Traex® Color-Mate Twin Tip™ clear squeeze dispenser with purple top

Provide easy access to popular condiments with the Traex Color-Mate Twin Tip squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the purple top fits perfectly into your color-coded system. The Twin Tip design saves time in high-volume areas and allows you to

quickly dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible	Embossed capacity graduations help control portions
Clear bottle offers excellent visibility	Top creates a tight, no-leak seal to prevent spills and messes
Twin Tip top design saves time in high-volume areas and quickly dispenses product over larger food items	Both bottle and top are dishwasher safe for easy cleaning
Purple top fits perfectly into your color-coded system	Bottle is NSF-certified

## 24-ounce Traex® Color-Mate Twin Tip™ clear squeeze dispenser with red top

Provide easy access to popular condiments with the Traex Color-Mate Twin Tip squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the red top fits perfectly into your color-coded system. The Twin Tip design saves time in high-volume areas and allows you to quickly

dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible	Embossed capacity graduations help control portions
Clear bottle offers excellent visibility	Top creates a tight, no-leak seal to prevent spills and messes
Twin Tip top design saves time in high-volume areas and quickly dispenses product over larger food items	Both bottle and top are dishwasher safe for easy cleaning
Red top fits perfectly into your color-coded system	Bottle is NSF-certified

The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the blue top fits perfectly into your color-coded system. The Twin Tip design saves time in high-volume areas and allows you to quickly

dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Twin Tip top design saves time in high-volume areas and quickly dispenses product over larger food items

Blue top fits perfectly into your color-coded system
- Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## 48-ounce Dripcut™ server with plastic jar and chrome-plated top

The Vollrath® Dripcut server features a durable plastic jar and a beautiful chrome-plated top that create a sleek, clean look on any tabletop. This lightweight jar is a safe alternative to glass and is impressively easy to clean. With molded-in graduated markings for accurate measurements, this server makes it easy to control portions and prevent waste. The smooth handle offers a comfortable grip, and the thumb tab helps control pouring speed and allows for smooth operation. Designed to serve syrups, sauces, dressings and more, this versatile server is a valuable addition to any café, diner, restaurant or other foodservice establishment.

Plastic jar is durable and lightweight

Chrome-plated top creates a sleek appearance

48-ounce capacity fits large amounts of products and reduces the number of refills required

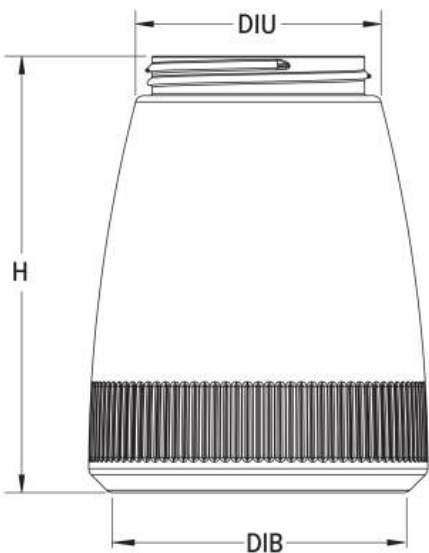

Molded-in graduated markings help track portions and promise accurate measurements

Smooth handle offers a comfortable grip

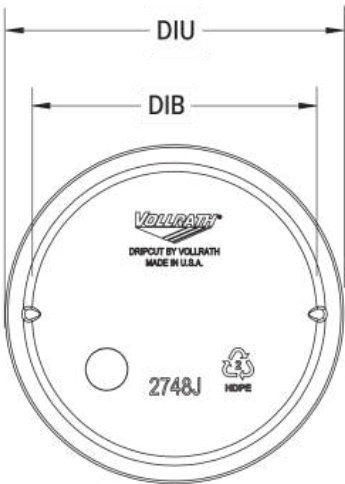

Thumb tab for easy operation

Designed to serve syrups, sauces, dressings and more

## 48-ounce Traex® Sauce Boss™ dispenser in gray

Prevent waste and create more consistent portions with the Traex Sauce Boss dispenser by Vollrath. This unique, adjustable dispenser creates portions that range from 1/32 to 1/2 ounce in size. The trigger-style handle ensures easy operation and dispenses the sauce smoothly and without splattering. The clear snap-fit lid protects against contamination and allows product visibility, while the legs provide stability when the dispenser is not in use. The large 48-ounce capacity reduces the number of refills required, saving valuable time, and is ideal for sauces, dressings and more.

48-ounce capacity reduces the number of refills required

Portion sizes can be adjusted from 1/32 to 1/2 ounce

Pull the cam pin at the base of the handle and rotate to adjust setting

Trigger-style handle is easy to use

Unique design dispenses batter smoothly and without splattering

Clear lid allows for product visibility and guards against contamination

6-hole diffuser spreads small portions evenly

Legs provide stability

NSF-certified

Made in the USA

Designed to ensure consistent portions of sauces, dressings and more

## 8-ounce Traex® single-tip squeeze dispenser in red

Provide easy access to popular condiments with the Traex squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the red color fits perfectly into your color-coded system so you can keep your kitchen organized and moving efficiently. The single tip allows for impressive precision and control during dispensing. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Single tip allows for impressive precision and control during dispensing

Red color fits perfectly into your color-coded system

Top creates a tight, no-leak seal to prevent spills and messes

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

# 12-ounce Traex® Color-Mate single-tip clear squeeze dispenser with brown top

Provide easy access to popular condiments with the Traex Color-Mate single-tip squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the brown top fits perfectly into your color-coded system. The single tip allows for impressive precision and control during dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. Both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Single tip allows for impressive precision and control during dispensing

Brown top fits perfectly into your color-coded system

Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## Traex® squeeze dispenser closeable FlowCut™ replacement cap in white

Replace an old cap or upgrade your Traex squeeze dispenser with this closeable FlowCut replacement cap. Designed to fit standard openings, this cap fits seamlessly onto your Traex squeeze dispenser and creates a tight, no-leak seal to prevent spills and messes. The patented FlowCut valve allows you to hold the dispenser upside down, and will not dispense product until squeezed. As soon as pressure is released, the valve stops dispensing! It's easy, efficient, prevents messes and improves accuracy. And, the flat cap allows you to store

the dispenser upside down when the product starts to run low, which helps get the last drops of product out of the dispenser and reduces waste. The strong construction promises years of use and is dishwasher-safe for easy cleaning.

Strong construction promises years of use

FlowCut valve design allows you to hold dispenser upside down, and will only dispense product when squeezed to prevent messes while improving efficiency and accuracy

Flat cap allows dispenser to be stored upside down when needed to get last drops of product out

Creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

Designed to fit your Traex squeeze dispenser with a standard opening

## Traex® wide-mouth squeeze dispenser Tri Tip™ replacement cap in brown

Replace an old cap or add versatility to your standard squeeze dispenser with this Tri Tip replacement cap. Designed to fit wide-mouth openings, this cap fits seamlessly onto your Traex squeeze dispenser and creates a tight, no-leak seal to prevent spills and messes. The Tri Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense

more viscous sauces, or leave as is for thinner liquids. The brown color fits perfectly into your color-coded system, while the strong construction promises years of use and is dishwasher-safe for easy cleaning.

- Strong construction promises years of use

Creates a tight, no-leak seal to prevent spills and messes
- Tri Tip design saves time in high-volume areas and quickly dispenses product over larger food items

Dishwasher-safe for easy cleaning
- Brown color fits perfectly into your color-coded system

Designed specifically for Traex wide-mouth squeeze dispensers

## 16-ounce Traex® Color-Mate Tri Tip™ wide-mouth clear squeeze dispenser with clear top

Provide easy access to popular condiments with the Traex Color-Mate Tri Tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle and top offer excellent visibility, allowing you and your guests to identify the contents at a glance. The Tri Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads,

sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Clear bottle and top offer excellent visibility

# 24-ounce Traex® Color-Mate Tri Tip™ wide-mouth clear squeeze dispenser with brown top

Provide easy access to popular condiments with the Traex Color-Mate Tri Tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the brown top fits perfectly into your color-coded system. The Tri Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable,  
yet flexible

Clear bottle offers excellent visibility

Tri Tip top design saves time in high-  
volume areas and quickly dispenses  
product over larger food items

Brown top fits perfectly into your color-  
coded system

Embossed capacity graduations help  
control portions

Top creates a tight, no-leak seal to  
prevent spills and messes

Wide-mouth bottle design ensures  
easy refilling

Both bottle and top are dishwasher  
safe for easy cleaning

Bottle is NSF-certified

## 32-ounce Traex® Color-Mate Tri Tip™ wide-mouth clear squeeze dispenser with yellow top

Provide easy access to popular condiments with the Traex Color-Mate Tri Tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the yellow top fits perfectly into your color-coded system. The Tri Tip design saves time in high-volume areas and allows you to quickly

dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Tri Tip top design saves time in high-volume areas and quickly dispenses product over larger food items

Yellow top fits perfectly into your color-coded system
- Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## Stainless steel French fry rack

Designed to hold bags of hot, fresh French fries, this French fry rack by Vollrath holds your piping-hot items until they're ready to be served. The six long compartments fit many French fry bags at one time, making it an ideal choice for busy fast-food establishments. The rack holds bags in an upright position, so you can sprinkle salt or other toppings over your food items without worrying about them falling out. It's sized to sit under a heat lamp perfectly, and the versatile design could be used for other items if desired, including onion rings, cheese curds, hot dogs and more.

Stainless steel is durable and long-lasting

Six long compartments fit a large number of French fry bags at one time

Holds bags vertically to prevent items from falling out

Simple design is easy to clean

Made in the USA

Designed to hold bags of hot French fries or other hot items until they're ready to be served

## 64-ounce DripCut® server with plastic jar and white plastic top

The DripCut server by Vollrath features a white plastic jar and top that create an attractive appearance on any tabletop. This lightweight jar is a safe alternative to glass and is impressively easy to clean. With molded-in graduated markings for accurate measurements, this server makes it easy to control portions and prevent waste. The smooth handle offers a comfortable grip, and the thumb tab helps control pouring speed to ensure smooth operation. Designed for syrups, sauces, dressings and more, this versatile server is a valuable addition to any café, diner, restaurant or other foodservice establishment.

Plastic jar is durable and lightweight

White jar and top create an attractive appearance

64-ounce capacity holds large amounts of products and reduces the number of refills required

Molded-in graduated markings help track portions and promise accurate measurements

Smooth handle offers a comfortable grip

Thumb tab for easy operation

Made in the USA

Designed to serve syrups, sauces, dressings and more

## Traex® wide-mouth squeeze dispenser single-tip replacement cap in brown

Replace an old cap or add versatility to your double- or triple-tip wide-mouth squeeze dispenser with this single-tip replacement cap. Designed to fit wide-mouth openings, this cap fits seamlessly onto your Traex squeeze dispenser and creates a tight, no-leak seal to prevent spills and messes. The single tip allows for impressive precision and control during

dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. The brown color fits perfectly into your color-coded system, while the strong construction promises years of use and is dishwasher-safe for easy cleaning.

- Strong construction promises years of use

Single tip allows for impressive precision and control during dispensing

Brown color fits perfectly into your color-coded system
- Creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

## Traex® Squeeze Dispenser Replacement Cap with Single Tip Opening in Clear

This Traex® clear closeable single tip wide mouth bottle cap allows for quick and accurate dispensing of sauces, dressings, and condiments in your busy kitchen. Use this cap as a replacement for the cap that came with your original wide mouth squeeze bottle, or keep extra caps on hand to easily clean and rotate the caps throughout the day. The clear color of

this cap is great for creating a color-coded system in your busy kitchen by pairing it with other colored caps in the line to easily identify which products are in your bottles at a glance. Cut the tip to dispense more viscous sauces, or leave as is for thin liquids.

Replacement squeeze dispenser caps for standard opening and wide mouth opening

Sold in case lots only

Flowcut™ replacement top has a patented silicon valve flip top allowing easy squeezing and dispensing with the bottle upside down

4901-13 converter cap adds flexibility and versatility to your dispenser needs

Color shown in image may differ from options available for specific item

## 16-ounce Traex® single-tip wide-mouth squeeze dispenser in red

Provide easy access to popular condiments with the Traex squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the red color fits perfectly into your color-coded system so you can keep your kitchen organized and moving efficiently. The single tip allows for impressive precision and control during dispensing. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids.

Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Single tip allows for impressive precision and control during dispensing

Red color fits perfectly into your color-coded system

Embossed capacity graduations help control portions
- Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## 16-ounce Traex® Color Mate™ clear ridged wide-mouth single-tip squeeze dispenser

Simplify your condiment service with the Vollrath® Traex Color Mate single-tip squeeze dispenser. Designed to help you track portions and quickly dispense a variety of condiments, this clear dispenser features a ridged bottle design that offers a comfortable, steady grip and a thin single-tip cap for impressive precision and control. Leave it as is for thinner liquids, or cut it to dispense thicker sauces. The wide mouth ensures easy cleaning, and both the bottle and the cap are dishwasher-safe for your convenience.

Polyethylene construction is durable and long lasting	Ridged bottle design offers a steady grip
16-ounce capacity	Wide mouth ensures easy cleaning
Clear bottle allows for quick product identification	Bottle and cap are dishwasher-safe
Thin single tip provides precision and control	Made in the USA
	Perfect for serving condiments, dressings, sauces and more

# 16-ounce Traex® Color-Mate single-tip wide-mouth clear squeeze dispenser with brown top

Provide easy access to popular condiments with the Traex Color-Mate single-tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the brown top fits perfectly into your color-coded system. The single tip allows for impressive precision and control during dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Single tip allows for impressive precision and control during dispensing

Brown top fits perfectly into your color-coded system

Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

4913-191

# 24-ounce Traex® Color-Mate single-tip wide-mouth clear squeeze dispenser with brown top

Provide easy access to popular condiments with the Traex Color-Mate single-tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. Meanwhile, the brown top fits perfectly into your color-coded system. The single tip allows for impressive precision and control during dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Clear bottle offers excellent visibility

Single tip allows for impressive precision and control during dispensing

Brown top fits perfectly into your color-coded system

Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

## 32-ounce Traex® single-tip wide-mouth squeeze dispenser in red

Provide easy access to popular condiments with the Traex squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the red color fits perfectly into your color-coded system so you can keep your kitchen organized and moving efficiently. The single tip allows for impressive precision and control during dispensing. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids.

Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Single tip allows for impressive precision and control during dispensing

Red color fits perfectly into your color-coded system

Embossed capacity graduations help control portions
- Top creates a tight, no-leak seal to prevent spills and messes

Wide-mouth bottle design ensures easy refilling

Both bottle and top are dishwasher safe for easy cleaning

Bottle is NSF-certified

# 24-ounce Traex® Color-Mate single-tip wide-mouth squeeze dispenser in red with red top

Provide easy access to popular condiments with the Traex Color-Mate single-tip wide-mouth squeeze dispenser by Vollrath. With this dispenser, you'll be able to provide easy, mess-free service, every time! The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the translucent bottle helps you monitor product levels. Meanwhile, the red color fits perfectly into your color-coded system. The single tip allows for impressive precision and control during dispensing. Cut the tip to dispense more viscous sauces, or leave as is for thinner liquids. Thanks to the clearly embossed capacity graduations, it's easy to monitor and control portions. The wide mouth ensures easy refilling, and both the bottle and the top are dishwasher safe for fast, convenient cleaning.

Polyethylene construction is durable, yet flexible

Top creates a tight, no-leak seal to prevent spills and messes

Single tip allows for impressive precision and control during dispensing

Wide-mouth bottle design ensures easy refilling

Red color fits perfectly into your color-coded system

Both bottle and top are dishwasher safe for easy cleaning

Embossed capacity graduations help control portions

Bottle is NSF-certified

## 2 1/10-quart Traex® Safety Mate Insta Chill food cooler

The Traex Safety Mate Insta Chill food cooler by Vollrath brings hot liquids down to cool temperatures with impressive efficiency. The strong polyethylene material is durable and dishwasher-safe for easy cleaning. The wide mouth allows for quick refilling, and the tethered cap stays secured to the unit at all times. The molded-in hook and fill line ensure convenient storing and use, and the strong handle lets you stir hot liquids, soups, stews and more, reducing the temperature to 41°F rapidly.

Durable high-density polyethylene construction

2 1/10-quart capacity

Wide mouth allows for quick refilling

Tethered cap stays attached to unit at all times to prevent loss

Molded-in hook and fill line ensure convenient storing and use

Strong handle lets you stir liquids with the cooler to speed the cooling process

Dishwasher-safe for easy cleaning

NSF-certified

Made in the USA

Designed to cool hot liquids to 41°F quickly

## Traex® Batter Boss® Portion Control Dispenser Clear Lid

This Traex® Batter Boss portion control dispenser lid keeps your Batter Boss operating long after the original lid wears out. The clear color allows you to quickly identify the dispenser's contents so you can keep up with orders. You'll be able to see what's in the dispenser, as well as how much is in there, so you can dispense batter for pancakes, waffles, or hush puppies with ease.

Easily dispense pancake, waffle, hush puppy batters or pizza sauce.

Eight portion control settings dispense from 1-3 ounces.

Holds up to 48 ounces.

Not recommended for chunky batters.

Portion adjustment is easy with the Batter Boss dispenser. Just pull the cam pin at the base of the handle and rotate the cam to the desired setting.

## 16-ounce Traex<sup>®</sup> clear squeeze dispenser with Twin Tip<sup>™</sup> cap and cap converter kit

Streamline and simplify your condiment service with this Traex squeeze dispenser by Vollrath. The durable yet flexible polyethylene construction is easy to squeeze for fast service, and the clear bottle offers excellent visibility, allowing you and your guests to identify the contents at a glance. The Twin Tip design saves time in high-volume areas and allows you to quickly dispense condiments on larger food items like salads, sandwiches, and more. Cut the tips to dispense more viscous sauces, or leave as is for thinner liquids. Thanks

to the clearly embossed capacity graduations, it's easy to monitor and control portions. The cap converter allows you to use standard-size caps on wide-mouth bottles for additional versatility. This squeeze dispenser is dishwasher safe, for fast, convenient cleaning.

- Polyethylene construction is durable, yet flexible

Clear bottle and top offer excellent visibility

Twin Tip top design saves time in high-volume areas and quickly dispenses product over larger food items

Cap converter allows you to use standard caps on wide-mouth bottles for additional versatility
- Embossed capacity graduations help control portions

Top creates a tight, no-leak seal to prevent spills and messes

Dishwasher-safe for easy cleaning

Made in the USA

Perfect for serving condiments, dressings, sauces and more

## 24-ounce Traex® FIFO clear squeeze dispenser with brown Twin Tip™ and brown base cap

Serve the freshest condiments with confidence from the Traex® first-in/first-out squeeze dispenser. Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. The patented Twin Tip™ saves time by dispensing double the condiments, dressing or sauces, perfect for larger food items like salads and sandwiches.

Brown twist caps on each end simplify product identification

Embossed graduated design simplifies portion tracking

Colored cap system prevents cross-contamination

Tight, no-leak seals help prevent spills and messes

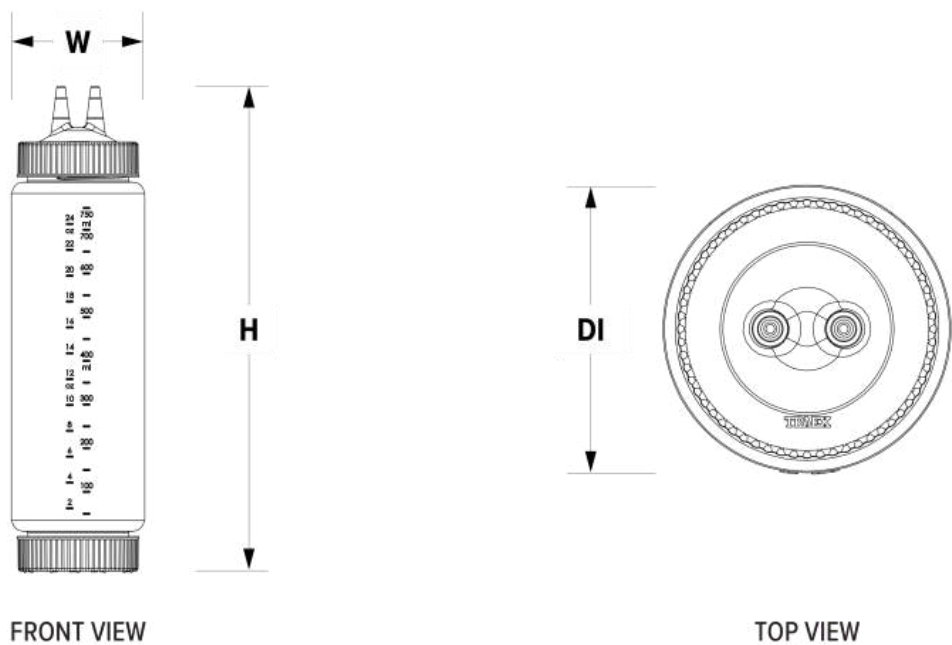

May cut tip to dispense thicker sauces or condiments

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

## 12-ounce Traex® Color Mate clear squeeze dispenser with FlowCut™ cap

Simplify your condiment service with the Traex Color Mate squeeze dispenser by Vollrath. Made of durable, yet flexible, polyethylene, this bottle is easy to squeeze for fast application of ketchup, mustard, signature sauces, dressings or any of your favorite condiments. The clear color makes it great for dispensing oils with a neutral color, while the patented silicon valve flip top allows easy squeezing and dispensing with the bottle upside down. Additionally, the flat cap allows you to flip the bottle upside down and sit on its top when

content is running low, helping you get the last bit of product out and eliminating waste. Thanks to the clearly embossed capacity graduations, your staff can measure out condiments easily to help monitor portion control.

- Polyethylene construction is durable and flexible

## 32-ounce Traex® Color Mate clear squeeze dispenser with FlowCut™ cap

Simplify your condiment service with the Traex Color Mate squeeze dispenser by Vollrath. Made of durable, yet flexible, polyethylene, this bottle is easy to squeeze for fast application of ketchup, mustard, signature sauces, dressings or any of your favorite condiments. The clear color makes it great for dispensing oils with a neutral color, while the patented silicon valve flip top allows easy squeezing and dispensing with the bottle upside down. Additionally, the flat cap allows you to flip the bottle upside down and sit on its top when

content is running low, helping you get the last bit of product out and eliminating waste. Thanks to the clearly embossed capacity graduations, your staff can measure out condiments easily to help monitor portion control.

- Polyethylene construction is durable and flexible

32-ounce capacity

Clear bottle allows for quick product identification
- FlowCut cap has a patented silicon valve flip top allowing easy squeezing and dispensing with the bottle upside down

Dishwasher-safe for easy cleaning

Made in the USA

Perfect for serving condiments, dressings, sauces and more

## 24-ounce Traex® FIFO clear squeeze dispenser with brown Tri Tip™ and brown base cap

Serve the freshest condiments with confidence from the Traex® first-in/first-out squeeze dispenser. Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. Perfect for high-

volume areas, the patented Tri Tip™ saves time by allowing you to quickly dispense condiments on larger food items like salads and sandwiches, and tips can be cut to accommodate thicker dressings, sauces, and condiments.

Brown twist caps on each end simplify product identification

Embossed graduated design simplifies portion tracking

Colored cap system prevents cross-contamination

Tight, no-leak seals help prevent spills and messes

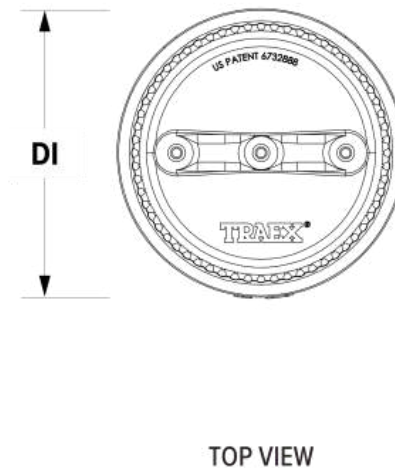

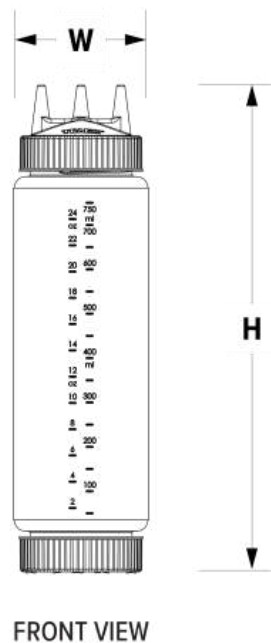

May cut tip to dispense thicker sauces or condiments

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

## 5-piece stainless steel measuring ladle set

The measuring ladle set by Vollrath is ideal for small-portion measuring of both wet and dry ingredients. The ladle design fits into small openings, while the bowl shape prevents accidental spills. The strong stainless steel is durable, long-lasting and easy to clean, and capacities are stamped clearly into the metal for quick identification. Held together with a stainless steel ring, this ladle set stays together and ensures convenient storage.

Stainless steel is durable and long-lasting

Ladle shape and 6-inch handles fit into small spaces and prevent spills

Capacity stamped clearly on handle for quick identification

Set secured with stainless steel ring for convenient storage

Designed for small-portion measuring of ingredients, spices, sauces and more

NSF-certified

## 2-quart stainless steel batter can with hollow handle

Elevate your batter dispensing system with the Vollrath® batter can. This can is both durable and elegant, thanks to its stainless steel construction and shiny mirror finish. The hollow handle offers a comfortable grip, and the cover protects the batter from contamination in your kitchen or self-service area. The large pour spout is easy to use, and the hinged cover allows for quick refilling. Whether you need this tool in your kitchen, during a demonstration or at your self-service breakfast bar, this reliable batter can is sure to impress.

Stainless steel construction is durable and long lasting

Large 2-quart capacity reduces the number of refills needed

Shiny mirror finish creates a sophisticated appearance

Hinged cover protects batter from contamination

Hollow handle offers a comfortable grip

Simple design ensures easy operation for you or your guests

Pour spout prevents messes

Ideal for kitchen, demonstration, self-service or table-service applications

## 1/2-ounce one-piece economy stainless steel ladle

The economy ladle by Vollrath is ideal for any kitchen. The one-piece construction makes this ladle easy to clean, resistant to breakage and more sanitary. Made of durable stainless steel, this ladle features a sleek mirror finish that creates a sophisticated appearance. The hooked handle ensures convenient storage and prevents sliding into pots, while the grooved design adds strength. With the capacity permanently marked on the handle, this ladle makes stirring, measuring, serving and controlling portions impressively easy.

Stainless steel, one-piece construction is durable and long-lasting

½-ounce capacity is ideal for small portions and is marked on the handle for quick identification

Mirror finish creates a sleek appearance

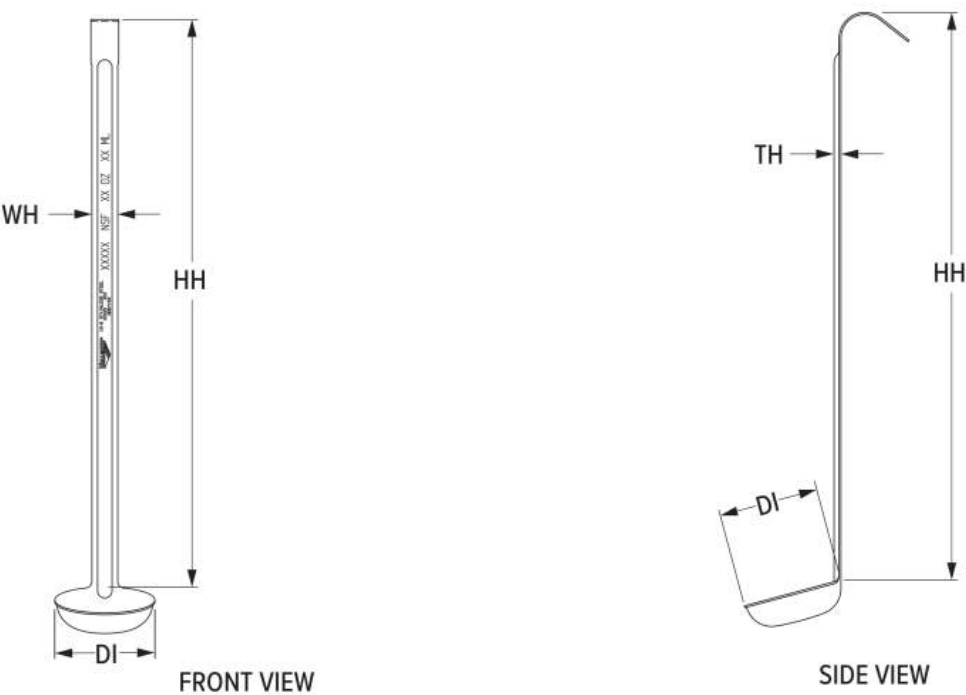

Grooved handle design adds strength

Hooked handle prevents sliding into pots and allows for convenient storage

NSF-certified

Designed for convenient and efficient stirring, measuring, serving and portion control

## 1-ounce one-piece economy stainless steel ladle

The economy ladle by Vollrath is ideal for any kitchen. The one-piece construction makes this ladle easy to clean, resistant to breakage and more sanitary. Made of durable stainless steel, this ladle features a sleek mirror finish that creates a sophisticated appearance. The hooked handle ensures convenient storage and prevents sliding into pots, while the grooved design adds strength. With the capacity permanently marked on the handle, this ladle makes stirring, measuring, serving and controlling portions impressively easy.

Stainless steel, one-piece construction is durable and long-lasting

1-ounce capacity is ideal for small portions and is marked on the handle for quick identification

Mirror finish creates a sleek appearance

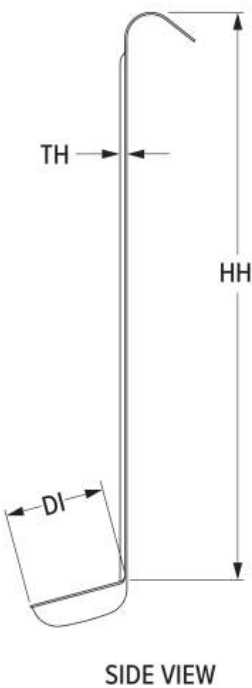

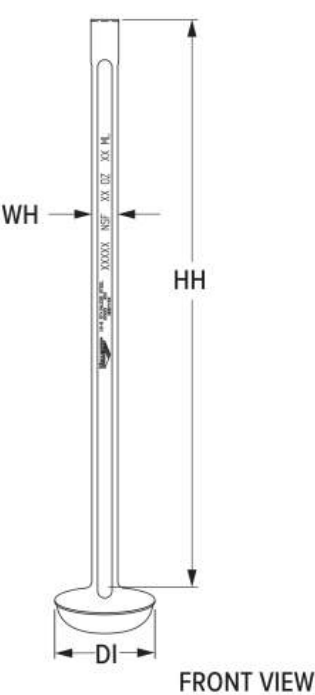

Grooved handle design adds strength

Hooked handle prevents sliding into pots and allows for convenient storage

NSF-certified

Designed for convenient and efficient stirring, measuring, serving and portion control

## 2-ounce two-piece economy stainless steel ladle

Thanks to the two-piece design, the economy ladle by Vollrath is a high-performing tool at a convenient price point. Made of durable stainless steel, it features a sleek mirror finish that creates a sophisticated appearance. The hooked handle ensures convenient storage and prevents sliding into pots, while the grooved design adds strength. With the capacity permanently marked on the handle, this ladle makes stirring, measuring, serving and controlling portions impressively easy.

Stainless steel construction is durable and long-lasting

2-ounce capacity is ideal for small portions and is marked on the handle for quick identification

Mirror finish creates a sleek appearance

Grooved handle design adds strength

Hooked handle prevents sliding into pots and allows for convenient storage

Designed for convenient and efficient stirring, measuring, serving and portion control

## 10-inch stainless steel piano whip with nylon handle

Thoughtfully designed and easy to use, the Vollrath® stainless steel whip is a valuable addition to any kitchen. Featuring fine wires, this piano whip resists corrosion and is perfect for mixing and aerating thinner food products. The center reinforcement wire maintains the whip's shape and ensures a long life. The one-piece nylon handle is sealed for impressive sanitation and easy cleaning, while the ergonomic design offers a steady grip. Heat-resistant up to 475°F, this whip's handle creates a cool, comfortable feel, and the beautiful purple color allows for quick identification while creating a beautiful appearance.

Stainless steel wires are durable, long lasting and corrosion-resistant

Nylon handle is heat-resistant up to 475°F

Center reinforcement wire maintains the whip's shape and promises additional durability

One-piece handle is sealed to prevent unsanitary food traps and is easy to clean

Thoughtfully designed and easy to use, the Vollrath® stainless steel whip is a valuable addition to any kitchen. Featuring fine wires, this piano whip resists corrosion and is perfect for mixing and aerating thinner food products. The center reinforcement wire maintains the whip's shape and ensures a long life. The one-piece nylon handle is sealed for impressive sanitation and easy cleaning, while the ergonomic design offers a steady grip. Heat-resistant up to 475°F, this whip's handle creates a cool, comfortable feel, and the beautiful purple color allows for quick identification while creating a beautiful appearance.

Stainless steel wires are durable, long lasting and corrosion-resistant

Nylon handle is heat-resistant up to 475°F

Center reinforcement wire maintains the whip's shape and promises additional durability

One-piece handle is sealed to prevent unsanitary food traps and is easy to clean

Ergonomic handle design with comfort nubs offers a steady, comfortable grip

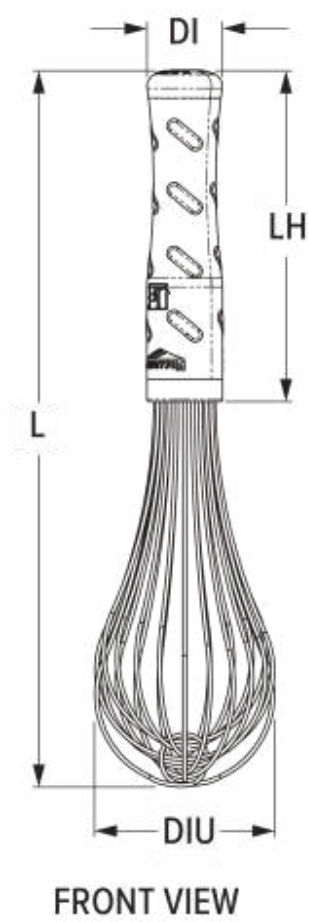

Purple color creates a beautiful appearance and allows for quick identification

NSF-certified

Designed for mixing and aerating thinner food products

DISHER SPRING FOR ONE PC	23612-1
--------------------------	---------

## 3/4-ounce one-piece thumb disher with purple handle

Create accurate portion sizes and consistent scoops with the Vollrath® 3/4-ounce disher. Designed to resist corrosion, this stainless steel disher will last for years. The molded, one-piece handle provides additional durability, prevents unsanitary food traps and is color-coded for quick identification. With a grooved design and all-natural antimicrobial properties, the handle ensures a comfortable grip and guards against harmful bacteria. This easy-to-clean, easy-to-use disher is not recommended for ice cream or other hard, frozen foods and is protected under a lifetime limited warranty.

Stainless steel bowl is durable, long lasting and resists corrosion

$\frac{3}{4}$ -ounce capacity creates consistent scoops for accurate portioning

Molded, one-piece handle provides additional durability

Extended handle length and grooved design offer a comfortable, secure grip

Color-coded handle for quick identification

All-natural antimicrobial properties guard against harmful bacteria

Dishwasher-safe for easy cleaning

NSF-certified

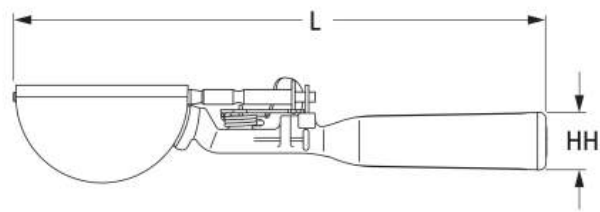

Made in the USA

Jacob's Pride® lifetime limited warranty

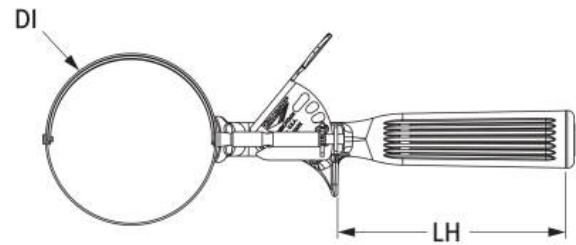

Ideal for serving soft foods like rice, potatoes, cookie dough and more

## 4-ounce round stainless steel squeeze disher

Designed to simplify the serving of soft food items, the Vollrath® round squeeze disher is perfect for any buffet line, catering operation, restaurant, deli or other foodservice establishment that is looking for a convenient tool that ensures accurate, consistent portions. Made of durable stainless steel, this disher is sure to last for years, and it features an ergonomic design that is easily operated by right- or left-handed users. The simple squeeze-handle release allows for efficient serving, and the blade extends beyond the bowl to

prevent sticking. While this disher is not recommended for hard or frozen foods like ice cream, it is perfect for serving soft foods like mashed potatoes rice, pasta salads, desserts and more.

Stainless steel construction is durable and long lasting

4-ounce capacity ensures accurate portions

Symmetrical design and simple squeeze release are ideal for right- or left-handed users

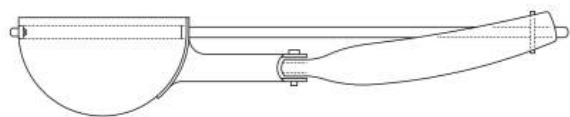

Ergonomic design offers a comfortable grip

Blade extends beyond the bowl to prevent sticking

Not designed for hard or frozen foods

Serve mashed potatoes, rice, pasta salads, desserts and more with efficiency, consistency and ease

## 8-inch china cap fine-mesh strainer

The china cap fine strainer by Vollrath helps you remove lumps from sauces, separate solid food items from cooking liquid, sift flour, dust baked goods with powdered sugar and much more. Made of durable stainless steel, this strainer features a 1/16-inch fine mesh that ensures lump-free results. The bowl clip helps the strainer hook onto a bowl or pot for impressive convenience, and the welded handle provides a steady, comfortable grip. With a simple, efficient design, this strainer allows you to work quickly and efficiently.

Stainless steel construction is durable and long-lasting

1/16-inch fine mesh promises lump-free results

Bowl clip helps the strainer to attach to bowl or pot for user convenience

Designed to strain lumps out of sauces, separate solid food items from cooking liquids, sift flour, dust baked goods with powdered sugar and more

## 2.937-ounce oval stainless steel squeeze disher

Designed to simplify the serving of soft-food items, the oval squeeze disher by Vollrath is perfect for any buffet line, catering operation, restaurant, deli or other foodservice establishment that is looking for a convenient tool to ensure accurate, consistent portions. It features an ergonomic design that is operated by right- or left-handed users easily, and it is made of durable stainless steel, so it's sure to last for years. The simple squeeze-handle release allows for efficient serving, and the blade extends beyond the bowl to prevent sticking. While this disher is not recommended for hard or frozen foods like ice cream, it is ideal for serving soft foods like mashed potatoes, rice, pasta salads, desserts and more.

Stainless steel construction is durable and long-lasting	Ergonomic design offers a comfortable grip
2.937-ounce capacity ensures accurate portions	Blade extends beyond the bowl to prevent sticking
Symmetrical shape and simple squeeze release are ideal for right- or left-handed users	Not for hard or frozen foods
	Serve mashed potatoes, rice, pasta salads, desserts and more with efficiency, consistency and ease

## 3/4-ounce oval stainless steel squeeze disher

Designed to simplify the serving of soft food items, the oval squeeze disher by Vollrath is perfect for any buffet line, catering operation, restaurant, deli or other foodservice establishment that is looking for a convenient tool to ensure accurate, consistent portions. It features an ergonomic design that is operated by right- or left-handed users easily, and it is made of durable stainless steel, so it's sure to last for years. The simple squeeze-handle release allows for efficient serving, and the blade extends beyond the bowl to prevent sticking. While this disher is not recommended for hard or frozen foods like ice cream, it is ideal for serving soft foods like mashed potatoes, rice, pasta salads, desserts and more.

Stainless steel construction is durable and long-lasting

¾-ounce capacity ensures accurate portions

Symmetrical shape and simple squeeze release are ideal for right- or left-handed users

Ergonomic design offers a comfortable grip

Blade extends beyond the bowl to prevent sticking

Not for hard or frozen foods

Serve mashed potatoes, rice, pasta salads, desserts and more with efficiency, consistency and ease

## 10-inch stainless steel piano whip

Designed for comfort, durability and longevity, the piano whip by Vollrath is a versatile tool. The fine wires, which are ideal for mixing or aerating thinner food products, are reinforced by a center wire, so they won't bend, twist or deform no matter how vigorously you whip. The round shape provides good coverage in round bowls, and integral nubs on the one-piece handle ensure a safe, comfortable grip and excellent control.

Strong stainless steel wires resist corrosion and rusting

Fine wires are ideal for mixing or aerating thinner food products

Center reinforcement wire eliminates bending, twisting and deforming

Round shape provides good coverage in round bowls

One-piece handle features integral nubs that offer a comfortable grip and excellent control

Sleek design is easy to clean

NSF-certified

Designed for whipping, blending, aerating, beating and more

## Aluminum ice cream spade with blue end

The ice cream spade by Vollrath is a versatile tool, designed to scrape the sides of ice cream tubs, mix toppings and more, all while preventing ice crystals and maintaining quality. This spade is made of durable cast aluminum and features encapsulated antifreeze for easy product release. With an ergonomic texture for a comfortable grip, a hang-hole for convenient storage and a color-coded end for quick identification, the handle provides an exceptional user experience, while the symmetrical design is great for both right- or left-handed users. To ensure a long life, hand washing is recommended.

Cast-aluminum construction is durable and lightweight

Encapsulated antifreeze for easy product release

Handle features an ergonomic texture for a comfortable grip

Hang-hole allows for convenient storage

Color-coded end for quick identification

Symmetrical design is great for both right- or left-handed users

NSF-certified

Hand washing only

Designed for any ice cream shop, café or other foodservice establishment that is looking for a reliable ice cream spade

## 2-ounce aluminum ice cream scoop with gold end

The aluminum ice cream scoop by Vollrath promises superior service. This scoop is made of durable cast aluminum and features encapsulated antifreeze for easy product release. With an ergonomic texture for a comfortable grip, a hang-hole for convenient storage and a color-coded end for quick identification, the handle provides an exceptional user experience. The bowl has industry-standard dimensions for consistent portion control, and the symmetrical design is great for both right- or left-handed users. To ensure a long life, hand washing is recommended.

Cast-aluminum construction is durable and lightweight

2-ounce capacity matches industry standard for consistent portion control

Encapsulated antifreeze for easy product release

Handle features an ergonomic texture for a comfortable grip

Hang-hole allows for convenient storage

Color-coded end for quick identification

Symmetrical design is great for both right- or left-handed users

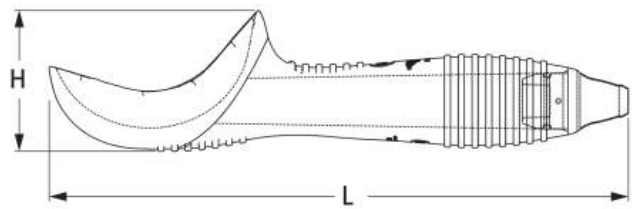

NSF-certified

Hand washing only

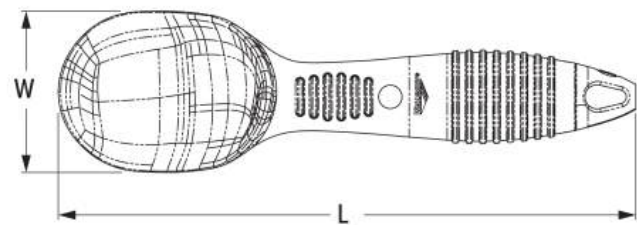

Designed for any ice cream shop, café or other foodservice establishment that is looking for a reliable ice cream scoop

## 12-inch stainless steel French whip

Blend your signature sauces to smooth perfection with the French whip by Vollrath. Featuring strong, thick stainless steel wires that are reinforced by a center wire, this French whip is sure to maintain its shape. The elongated design is ideal for deep vessels and straight-sided pans, making this whip the perfect choice for large batches and heavier food products. Integral nubs on the one-piece handle ensure a safe, comfortable grip and excellent control.

Strong stainless steel wires resist corrosion and rusting

Thick wires are ideal for blending sauces or other heavy food products

Center reinforcement wire eliminates bending, twisting and deforming

Elongated shape is perfect for deep vessels and straight-sided pans

One-piece handle features integral nubs that offer a comfortable grip and excellent control

Sleek design is easy to clean

NSF-certified

Designed for large batches and heavier food products

## 4 7/10-ounce extended-length disher with white squeeze handle

The Vollrath® extended-length squeeze-handle disher makes accurate scoops to ensure reliable portion control. This durable disher features a simple two-piece construction and is color-coded for quick identification and cross contamination prevention. With an extended-length handle, this disher works with standard steam table pan depths, and the symmetrical, ergonomic handle is easy to use in either hand. Designed to create consistent, accurate portion sizes and minimize food waste, this disher is an excellent addition to your serving lineup.

4 7/10-ounce capacity creates accurate, consistent portions

Simple two-piece construction prevents breaking or loss of parts

Extended-length handle fits standard steam table pan depths

Symmetrical, ergonomic design promises comfortable operation with either hand

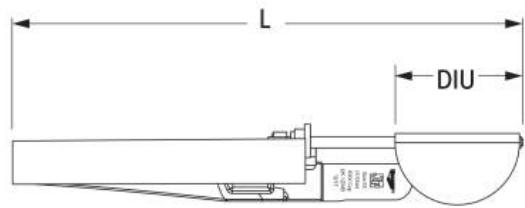

Color-coded handle for quick identification and prevention of cross contamination

NSF-certified

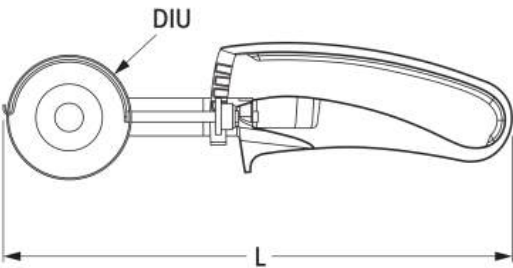

Designed for soft foods, not intended for ice cream or other hard foods

## 8-ounce disher with orange squeeze handle

The Vollrath® squeeze-handle disher promises improved serving speed and consistent portions, resulting in less food waste and larger profits. This disher features a comfortable handle design and a simple two-part construction that eliminates the concern over loss of parts. The color-coded handle allows for quick size identification and prevents cross contamination. While this disher isn't designed for frozen or hard food items, it does allow you to serve rice, potatoes, desserts and other soft foods with ease.

Stainless steel bowl is durable and long lasting

8-ounce capacity creates consistent scoops for accurate portioning

Universal handle design is equally comfortable for right- or left-handed users

Color-coded handle allows for quick size identification and prevents cross contamination

Simple two-part construction eliminates concern over loss of parts

Standard handle length works with all steam table pan depths

NSF-certified

Not intended for hard or frozen foods

Designed to serve soft foods like rice, potatoes, desserts and more

While this disher isn't made for frozen or hard food items, it does allow you to serve rice, potatoes, desserts and other soft foods with ease.

Stainless steel bowl is durable and long-lasting

3 1/5-ounce capacity creates consistent scoops for accurate portioning

Universal handle is equally comfortable for right- or left-handed users

Color-coded handle allows for quick size identification and prevents cross contamination

Simple two-part construction eliminates concern over loss of parts

Standard handle length works with all steam table pan depths

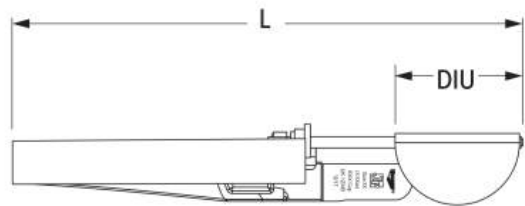

NSF-certified

Not intended for hard or frozen foods

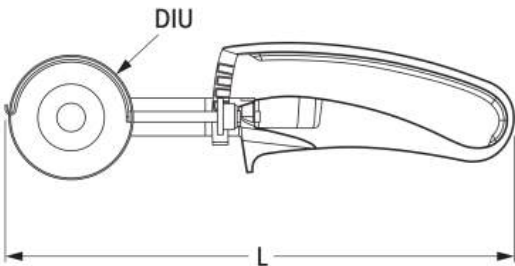

Made to serve soft foods like rice, potatoes, desserts and more

## 7.75- x 3.5-inch aluminum handle for griddle stone

Get your griddle cleaner than ever with this aluminum handle from Vollrath. It's designed specifically for your griddle stone (Vollrath® item number 47710), and offers superior leverage which improves performance, maximizes effort, and saves time. It's made of strong aluminum, so it's easy to clean and incredibly durable. The smooth handle offers a comfortable grip and protects hands from the rough surface of the griddle stone, which could cause scrapes or other small injuries.

Aluminum construction is durable and easy to clean

Comfortable handle offers superior leverage

Protects hands from the rough surface of the griddle stone

Designed for griddle stone (Vollrath item number 4710)

## 6 ½-inch one-piece heavy-duty wire mesh skimmer with long handle

The heavy-duty wire mesh skimmer by Vollrath is an excellent choice for removing food from hot fryers, deep pots and more. The strong construction promises years of service, and the wire mesh allows liquid to drain away quickly and easily. The long, thick handle allows you to maintain a safe distance from hot temperatures and offers a comfortable grip, while the hang-hook at the end provides a convenient storage solution.

Heavy-duty stainless steel is impressively durable and long-lasting

Wire mesh allows liquid to drain away quickly and easily

- Long handle is perfect for deep pots or hot fryers

Thick handle construction features center reinforcing rib for additional strength
- Satin finish hides signs of wear

Hooked handle end provides a convenient storage solution

Designed for removing food items from fryers, pots and more

## 3-quart stainless steel spaghetti cooker and strainer

With the spaghetti cooker and strainer by Vollrath, preparing large batches of pasta is more convenient than ever. The strong stainless steel promises years of use, and the 3-quart capacity allows you to cook and strain a large amount of pasta at one time. With the welded handle, you can lift the pasta with ease, and the helper hook allows you to set the pasta on top of the pot to drain while you get the rest of your ingredients ready. With this spaghetti cooker and strainer, you'll keep up with high demand with ease.

Stainless steel construction is durable and long-lasting

3-quart capacity allows you to prepare a large amount of pasta at one time

Welded stainless steel handle offers a comfortable grip and ensures easy lifting

Helper hook allows strainer to rest on top of pot to strain

## 24-ounce Traex® FIFO clear squeeze dispenser with brown single tip and brown base cap

Serve the freshest condiments with confidence from the Traex® first-in/first-out squeeze dispenser. Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. Classic single tip ensures precise control and can be cut to accommodate thicker dressings, sauces, and condiments.

Brown twist caps on each end simplify product identification

Embossed graduated design simplifies portion tracking

Colored cap system prevents cross-contamination

Tight, no-leak seals help prevent spills and messes

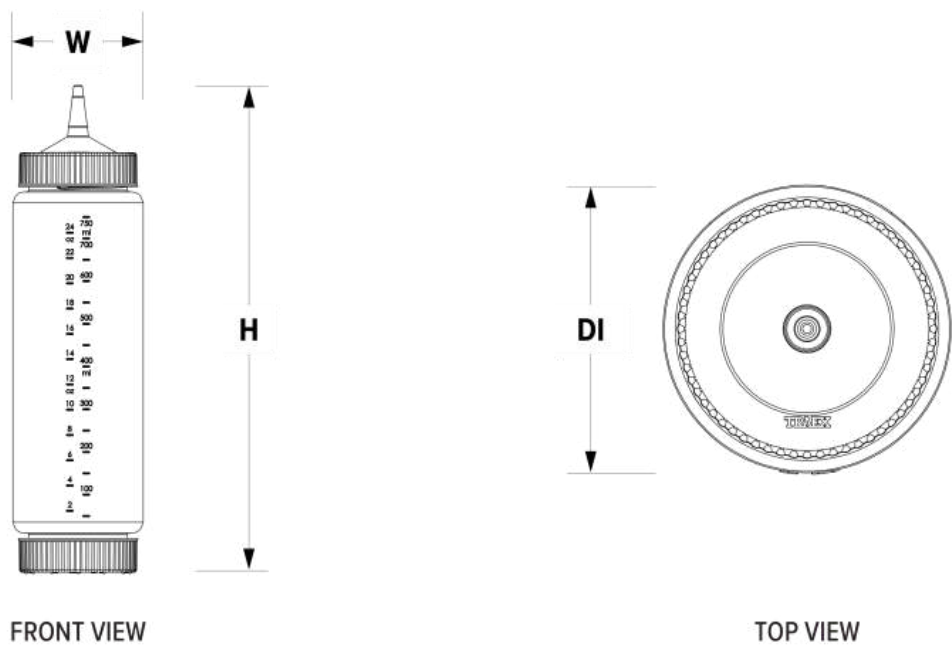

May cut tip to dispense thicker sauces or condiments

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

## 10-inch high-temperature silicone spatula

The Vollrath® 10-inch high-temperature silicone spatula is a versatile, thoughtfully designed tool that easily meets your highest expectations. Safe for nonstick cookware, this nonscratching, stain- and odor-resistant silicone blade is contoured and flexible to allow for easy scraping and scooping of food items. Both the silicone blade and nylon handle are heat-resistant up to 500°F, and they are molded together to ensure easy cleaning and prevent unsanitary food traps. The handle features a unique contoured design that offers a comfortable grip, and small rubber nubs prevent the blade from touching the counter to maintain sanitation.

## Stainless steel squeeze dispenser holder

Designed to fit into an opening in your counter seamlessly, the squeeze dispenser holder by Vollrath keeps your condiments organized, within reach and out of the way. The strong stainless steel lasts for years, and the two openings hold your condiment, dressing or sauce dispensers with the tip facing down, so the product is ready for immediate, no-shake dispensing. The drip pan catches leaks, and the whole holder is removed for easy cleaning.

300-Series stainless steel is durable and long-lasting

All-welded construction adds strength

Accommodates two 12-ounce squeeze dispensers

Whole holder is removed for easy cleaning

Fits into 1/9-size opening in counter

NSF-certified

Dispensers can be placed tip down for immediate, no-shake dispensing

Designed to keep your condiments organized and within reach

Drip pan catches accidental leaks

## 8-ounce two-piece stainless steel oval ladle with Kool-Touch® handle in black

The versatile Vollrath® oval ladle is ideal for serving soup, chili, stew and more. The capacity is clearly stamped on the handle for quick identification, and the durable stainless steel material is fully functional up to 350°F. The Kool-Touch handle offers impressive insulation for a comfortable, cool grip and is color-safe up to 225°F. The insulated handle is permanently bonded to the ladle, so it will not slip off, and it features all-natural antimicrobial properties that guard against harmful bacteria.

Stainless steel construction is durable, long lasting and fully functional up to 350°F

8-ounce capacity is portion-sized for popular china or plastic soup cups

12 ½-inch handle maintains a safe distance from hot food

Kool-Touch handles are heat-resistant up to 225°F

All-natural antimicrobial properties guard against harmful bacteria

Unique shape provides directional pour to prevent messes

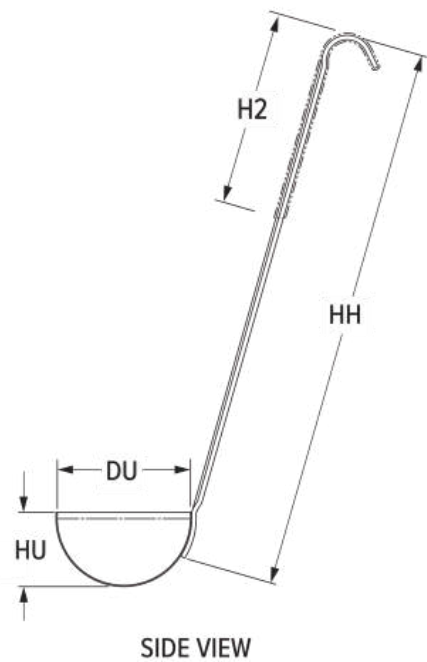

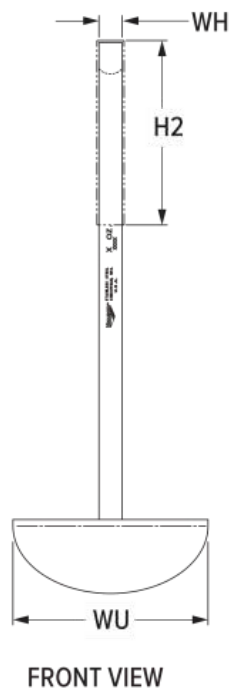

Capacity is stamped on the handle for quick identification

Made in the USA

Ideal for serving soup, chili, stew and more

## 10-inch high-temperature SoftSpoon™ utensil

The Vollrath® 10-inch SoftSpoon utensil is thoughtfully designed and sure to meet your needs. Safe for nonstick cookware, this nonscratching, stain- and odor-resistant silicone blade is spoon-shaped and flexible to allow for easy scraping and scooping of food items. Both the silicone blade and nylon handle are heat-resistant up to 500°F, and they are molded together to ensure easy cleaning and prevent unsanitary food traps. The handle features a unique contoured design that offers a comfortable grip, and small rubber nubs prevent the blade from touching the counter to maintain sanitation.

## 2-ounce two-piece stainless steel ladle with Kool-Touch® handle in blue

The heavy-duty ladle by Vollrath is designed for durability and versatility. Made of heavy-duty stainless steel, this strong ladle features a beautiful mirror finish and a grooved Kool-Touch handle that ensures a comfortable grip. This insulated handle is permanently bonded, so it will not fall off, and features all-natural antimicrobial properties that guard against harmful

bacteria. The hooked design prevents the ladle from sliding into pots and has a capacity stamp for quick identification. The handle is color-safe up to 225°F, and the stainless steel ladle is fully functional up to 350°F, making it ideal for a wide range of hot food items.

18-8 grade stainless steel construction is durable and long-lasting

2-ounce capacity offers excellent precision for small servings

Kool-Touch handle creates a comfortable, cool grip and features all-natural antimicrobial properties that guard against harmful bacteria

Handle is heat-resistant and color-safe up to 225°F and ladle is fully functional up to 350°F

Insulated handle is permanently bonded, so it will not slip or peel off

Grooved handle creates a comfortable grip

Hooked design prevents the ladle from sliding into pots

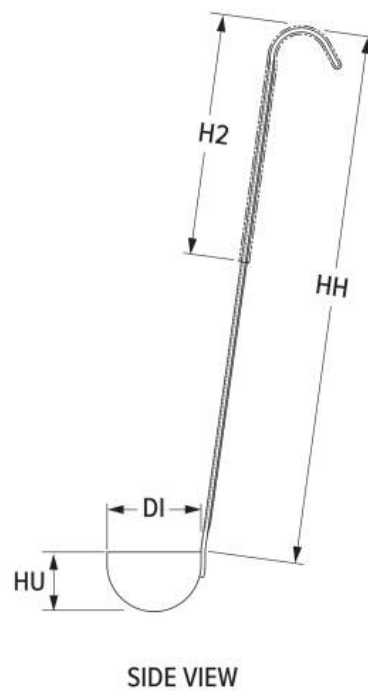

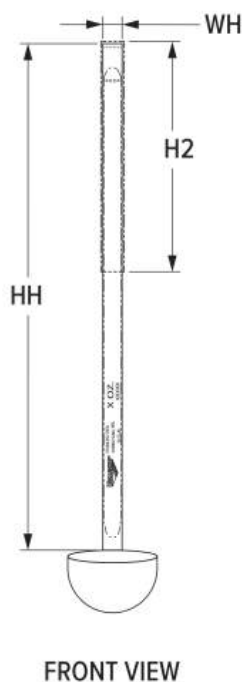

Color coding and capacity stamp allow for quick size identification

Dishwasher-safe for easy cleaning

Ideal for a wide range of hot food items

NSF-certified

## 12-ounce stainless steel ladle with 12 1/10-inch handle

The stainless steel ladle by Vollrath is a staple in any commercial kitchen. The strong construction promises years of use; the sleek design is easy to clean, and the mirror-finish creates an attractive appearance. The hooked handle ensures convenient storage and prevents sliding into pots, while the grooved design adds strength for consistent, reliable performance.

Stainless steel construction is durable and long-lasting

12-ounce capacity is ideal for large portions

Mirror finish creates a sleek appearance

Grooved handle design adds strength

Hooked handle prevents sliding into pots and allows for convenient storage

Designed for convenient and efficient stirring, measuring, serving and portion control

NSF-certified

No. 12 meat grinder attachment for mixers	40786

## Hooked-handle stainless steel fork

The hooked-handle fork by Vollrath is made of heavy-gauge 300-Series stainless steel for outstanding durability. The one-piece construction is easy to clean and creates a sleek, simple design. Ideal for large pots and pans, this fork features a long handle and a hooked end that prevents it from sliding into pots or pans. The long, thick fork prongs are perfect for large cuts of meat, while the hook and hang-hole offer convenient storage.

Heavy-gauge 300-Series stainless steel is durable and long-lasting

One-piece construction is sleek and easy to clean

Hooked handle prevents spoon from sliding into pots or pans

Hook and hang-hole for convenient storage

Long, thick prongs are perfect for large cuts of meat

Long-handle design makes this spoon ideal for large pots and pans

NSF-certified

Made in the USA

## 1-ounce perforated round Spoodle® utensil with black Grip 'N Serv® handle

By combining the design elements of a spoon and a ladle, the perforated round Spoodle utensil by Vollrath offers improved serving convenience, accuracy and portion control. Made of durable stainless steel, this utensil will last for years and is easy to clean. The perforated scoop is ideal for straining liquids from food for attractive servings. The plastic Grip 'N Serv handle features a thumb notch for a comfortable grip, a stopper to prevent the Spoodle

utensil from sliding into the pot, and all-natural antimicrobial properties that guard against harmful bacteria. Heat-resistant up to 230°F, this handle ensures user comfort while serving a wide variety of items.

Stainless steel body is durable and long-lasting

Plastic Grip 'N Serv handle provides heat resistance up to 230°F

1-ounce capacity creates accurate portions

All-natural antimicrobial properties guard against harmful bacteria

Thumb notch on handle offers a secure grip

Stopper prevents the Spoodle utensil from sliding into the pan for cleanliness and convenience

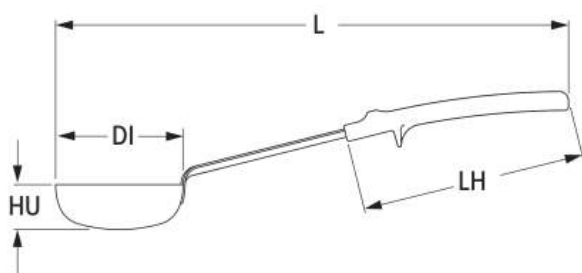

Dishwasher-safe for easy cleaning

Perforated design is ideal for straining liquids from fruits, vegetables and other small items before serving

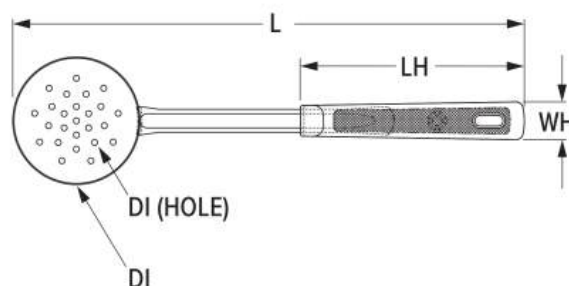

Made in the USA

NSF-certified

## 2-ounce perforated round Spoodle® utensil with blue Grip 'N Serv® handle

By combining the design elements of a spoon and a ladle, the perforated round Spoodle utensil by Vollrath offers improved serving convenience, accuracy and portion control. Made of durable stainless steel, this utensil will last for years and is easy to clean. The perforated scoop is ideal for straining liquids from food for attractive servings. The plastic Grip 'N Serv handle features a thumb notch for a comfortable grip, a stopper to prevent the Spoodle

utensil from sliding into the pot, and all-natural antimicrobial properties that guard against harmful bacteria. Heat-resistant up to 230°F, this handle ensures user comfort while serving a wide variety of items and the blue color allows for quick identification.

Stainless steel body is durable and long-lasting

Plastic Grip 'N Serv handle provides heat resistance up to 230°F

2-ounce capacity creates accurate portions

All-natural antimicrobial properties guard against harmful bacteria

Thumb notch on handle offers a secure grip

Stopper prevents the Spoodle utensil from sliding into the pan for cleanliness and convenience

Color-coded handle for quick identification

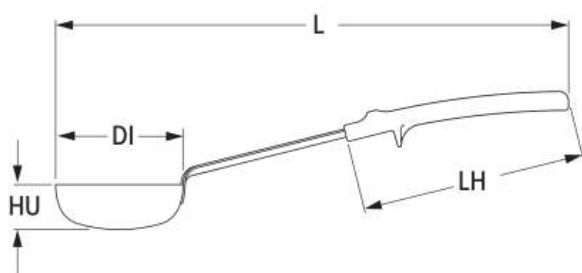

Dishwasher-safe for easy cleaning

Perforated design is ideal for straining liquids from fruits, vegetables and other small items before serving

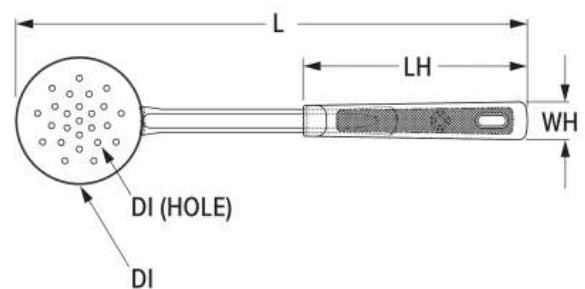

Made in the USA

NSF-certified

## 14-inch Stainless steel solid basting spoon with Ergo Grip™ black handle

Designed to provide the highest-quality service, the Vollrath® stainless steel solid basting spoon is ideal for basting, stirring, serving and more. Made of strong stainless steel, this one-piece spoon is resistant to corrosion, easy to clean and prevents bacteria collection. The unique bowl shape easily fits into pan corners, helping to maximize serving efficiency and reduce waste. The textured Ergo Grip handle is impressively comfortable and features a stopper that prevents the spoon from sliding. Heat-resistant up to 450°F, this handle ensures a comfortable experience and features thoughtful design elements that work together to promise superior results.

Heavy-gauge stainless steel is durable, long lasting and corrosion-resistant

Unique bowl shape maximizes serving efficiency and minimizes food waste

One-piece construction prevents bacteria and is easy to clean

Ergo Grip handle offers user comfort and reduces hand fatigue

Stopper prevents spoon from slipping

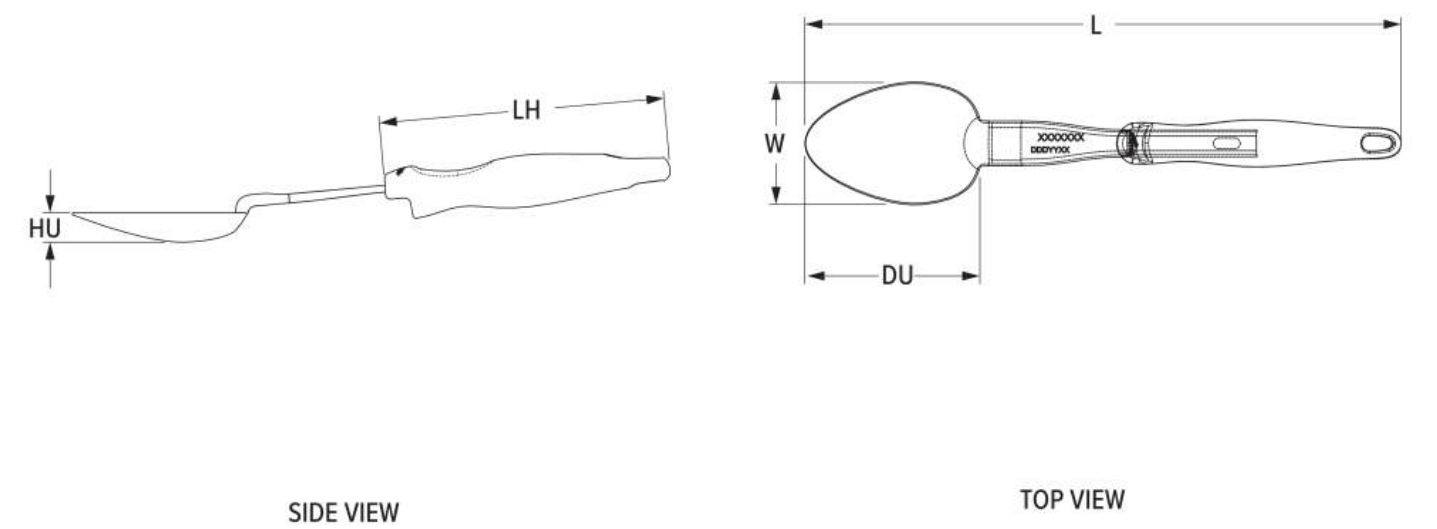

Insulated handle is heat-resistant up to 450°F

NSF-certified

Ideal for basting, stirring, serving and more

## Heavy-duty stainless steel slotted basting spoon with black Ergo Grip™ handle

Designed to provide the highest-quality service, the slotted basting spoon by Vollrath is ideal for basting, stirring, serving and more. Made of strong stainless steel, this one-piece spoon is resistant to corrosion, easy to clean, and the handle features all-natural antimicrobial properties that guard against harmful bacteria. The unique shape fits into pan corners, helping to maximize serving efficiency and reduce waste. The textured Ergo Grip handle

features a stopper that prevents the spoon from sliding. Heat-resistant up to 450°F, this insulated handle ensures a comfortable experience and features thoughtful design elements that work together to promise superior results.

Heavy-gauge stainless steel is durable, long-lasting and corrosion-resistant	Insulated handle is heat-resistant up to 450°F
Unique shape maximizes serving efficiency and minimizes food waste	Slotted design drains away excess liquid while serving
One-piece construction prevents bacteria and is easy to clean	Handle features all-natural antimicrobial properties that guard against harmful bacteria
Ergo Grip handle offers user comfort and reduces hand fatigue	Ideal for basting, stirring, serving and more
Stopper prevents spoon from slipping

## 16-quart aluminum colander

Made of durable, impact-resistant aluminum, the Vollrath® 16-quart colander features thick construction that prevents denting and promises years of reliable service. The full-ring welded base provides impressive stability, while riveted handles offer a comfortable grip. Designed to strain pasta, rinse vegetables and more, this versatile colander is an excellent addition to any kitchen.

Heavy-gauge impact-resistant 3004 aluminum construction is durable and long lasting

16-quart capacity easily fits a variety of food products

Full-ring welded base provides stability

Riveted handles allow for a secure grip  
and efficient transportation

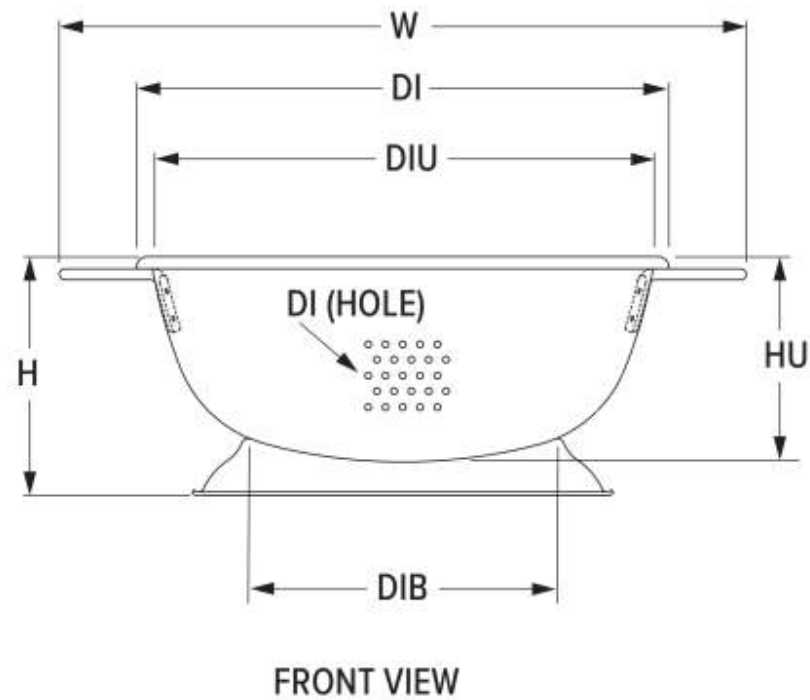

NSF-certified

Made in the USA

Designed to strain pasta, rinse  
vegetables and more

## 1/2-quart heavy-duty stainless steel mixing bowl

Built tough for outstanding durability, the Vollrath® 1/2-quart heavy-duty mixing bowl is a reliable addition to any kitchen. Made of strong stainless steel, this bowl resists scratches and stains and features a beautiful satin finish. With tall sides, proper weighting and a concave bottom that sits flat on any counter, this bowl prevents tipping and messes. The precise dimensions ensure accurate capacity, and consistent sizing allows this bowl to be nested with other Vollrath heavy-duty stainless steel mixing bowls for convenient storage.

Heavy-duty stainless steel is durable, long lasting, and resists stains and scratches

½-quart capacity

Satin-finish interior creates a smooth appearance

Tall sides, proper weighting and a concave bottom prevent tipping and messes

Precise dimensions promise accurate capacity

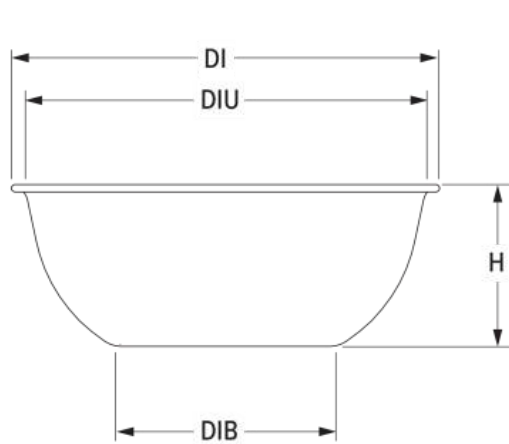

Nests inside other mixing bowls for convenient storage

Made in the USA

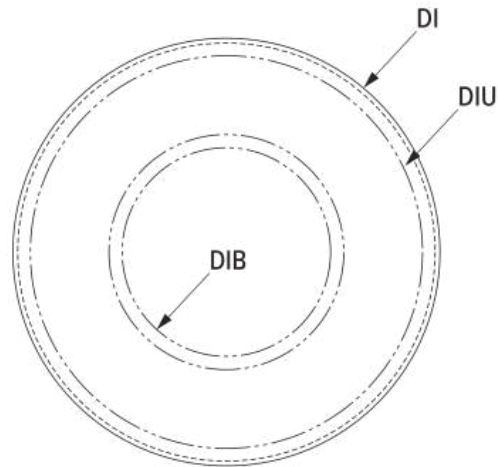

Ideal for holding ingredients, mixing, whisking and more

## Stainless steel mobile bowl stand for 30-quart mixing bowl

Move your mixing bowl wherever you need it most with the mobile bowl stand by Vollrath. This heavy-gauge stainless steel stand is strong and durable, so it handles the weight of whatever is in your bowl, and the swivel casters ensure smooth transportation around your kitchen. This mobile bowl stand saves valuable time and improves efficiency by eliminating unnecessary trips back and forth from your prep area, cooking area, freezer and more.

All-welded, heavy-gauge tubular stainless steel construction is durable and long-lasting

Holds bowl at convenient working height

4-inch swivel casters ensure swift maneuvering

Casters can lock to prevent unwanted movement

Ideal for mixing, prepping and moving large quantities of food

Designed for high-volume restaurants, kitchens and bakeries

NSF-certified

## 24-ounce Traex® FIFO clear squeeze dispenser with white FlowCut™ cap and brown base cap

Serve the freshest condiments with confidence from the Traex® first-in/first-out squeeze dispenser. Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. The FlowCut™ cap turns dispensing upside down, allowing you to store the bottle dispenser side down for a constant flow and less waste when product is low.

White flip-top cap with brown twist end cap

FlowCut™ cap has a patented silicone valve flip top for easy squeezing and dispensing with the bottle upside down

Colored storage base cap system prevents cross-contamination

Embossed graduated design simplifies portion tracking

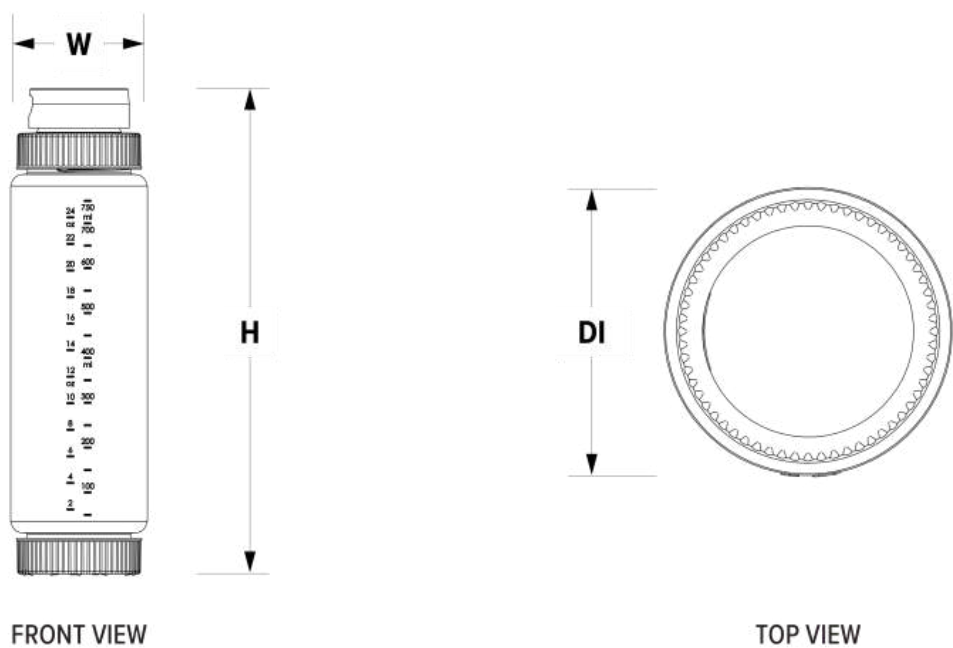

Tight, no-leak seals help prevent spills and messes

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

## 9 ½-inch high-temperature nylon-end one-piece tongs

With a sleek design and high-temperature capabilities, the Vollrath® nylon-end one-piece tongs will quickly become your favorite cooking tool. Featuring a heavy-gauge stainless steel body, these tongs will last for years of quality service, and the one-piece design prevents unsanitary food traps. The nylon end won't scratch or mar nonstick surfaces and is heat-resistant up to 450°F for impressive versatility. The scalloped, concave design gently, but firmly, grips food, and the ergonomic handle design offers a comfortable grip and reduces hand fatigue. These tongs feature all-natural antimicrobial properties and are dishwasher-safe for easy cleaning.

## 9 ½-inch stainless steel one-piece scalloped tongs with blue Kool-Touch® handle

Offering outstanding durability, efficiency and versatility, the Vollrath® one-piece scalloped tongs are perfect for cooking and serving. Made of strong stainless steel, these tongs are fully functional up to 350°F and are sure to provide years of superior service. The springless design eliminates food traps and ensures easy cleaning, while the scalloped ends allow for a gentle, yet firm, grip on a wide range of food items. The Kool-Touch handle is insulated and

color-safe up to 225°F, creates a comfortable, cool grip and has all-natural antimicrobial properties. The color-coded handle allows for quick identification and helps you maximize your kitchen's HACCP program.

20-gauge stainless steel is durable and long lasting

Springless design eliminates food traps and is easy to clean

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle offers a comfortable, cool grip

Handle is color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Provides a gentle, yet firm, grip on a range of food items

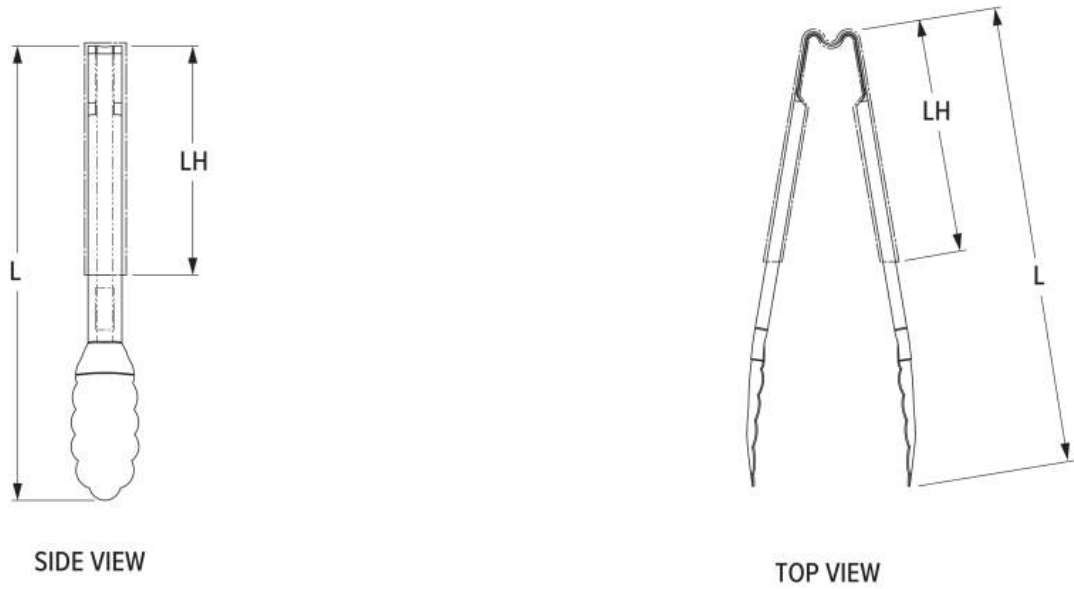

Color coding is ideal for maximizing your HACCP program

NSF-certified

## 12-inch high-temperature nylon-end one-piece tongs

With a sleek design and high-temperature capabilities, the nylon-end one-piece tongs by Vollrath will quickly become your favorite cooking tool. Featuring a heavy-gauge stainless steel body, these tongs will last for years, and the one-piece design prevents unsanitary food traps. The nylon end won't scratch or mar nonstick surfaces and is heat-resistant up to 450°F for impressive versatility. The scalloped, concave design grips food gently, but firmly, and the ergonomic handle design offers a comfortable grip and reduces hand fatigue. These tongs feature all-natural antimicrobial properties and are dishwasher-safe for easy cleaning.

## 16-inch high-temperature nylon-end one-piece tongs

With a sleek design and high-temperature capabilities, the nylon-end one-piece tongs by Vollrath will quickly become your favorite cooking tool. Featuring a heavy-gauge stainless steel body, these tongs will last for years, and the one-piece design prevents unsanitary food traps. The nylon end won't scratch or mar nonstick surfaces and is heat-resistant up to 450°F for impressive versatility. The scalloped, concave design grips food gently, but firmly, and the ergonomic handle design offers a comfortable grip and reduces hand fatigue. These tongs feature all-natural antimicrobial properties and are dishwasher-safe for easy cleaning.

## 9 ½-inch stainless steel one-piece tongs with Versagrip™ ends and black Kool-Touch® handle

Offering outstanding durability, efficiency and versatility, the one-piece scalloped tongs by Vollrath are perfect for cooking and serving. Made of strong stainless steel, these tongs are fully functional up to 350°F and are sure to provide years of superior service. The springless design eliminates food traps and ensures easy cleaning, while the Versagrip design features flat, elongated ends with gripper teeth that securely grab meat and other food items. The insulated Kool-Touch handle is heat-resistant up to 180°F and color-safe up to 225°F. It

creates a comfortable, cool grip and features all-natural antimicrobial properties that guard against harmful bacteria. And the black color allows for quick identification and helps you maximize your kitchen's HACCP program.

20-gauge stainless steel is durable and long-lasting

Springless design eliminates food traps and is easy to clean

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle offers a comfortable, cool grip

Handle is heat-resistant up to 180°F and color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Versagrip design features elongated ends with gripper teeth that provides a secure grip

Color coding is ideal for maximizing your HACCP program

Lifetime limited warranty on tongs — does not include Kool-Touch handle coating

Ideal for cooking, serving and more

## 16-inch heavy-duty stainless steel one-piece tongs with Versagrip™ ends

The heavy-duty one-piece tongs by Vollrath offer high-quality performance and outstanding durability. Made of strong stainless steel, these utility tongs are sure to provide years of superior service. The springless design eliminates food traps, ensures easy cleaning and allows for a gentle, yet firm, grip on a wide range of food items. The Versagrip design

features flat, elongated ends with gripper teeth that securely grab meat and other food items. Whether you need tongs to help with cooking, serving or something else, these sturdy tongs are an excellent choice.

- Heavy-duty stainless steel is durable and long-lasting

Springless design eliminates food traps and is easy to clean

16-inch handle maintains a safe distance between hand and food items
- Versagrip design features elongated ends with gripper teeth that provide a secure grip

Ideal for cooking, serving and more

## 16-inch stainless steel one-piece tongs with Versagrip™ ends and black Kool-Touch® handle

Offering outstanding durability, efficiency and versatility, the one-piece scalloped tongs by Vollrath are perfect for cooking and serving. Made of strong stainless steel, these tongs are fully functional up to 350°F and are sure to provide years of superior service. The springless design eliminates food traps and ensures easy cleaning, while the Versagrip design features flat, elongated ends with gripper teeth that securely grab meat and other food items. The insulated Kool-Touch handle is heat-resistant up to 180°F and color-safe up to 225°F. It

creates a comfortable, cool grip and features all-natural antimicrobial properties that guard against harmful bacteria. And the black color allows for quick identification and helps you maximize your kitchen's HACCP program.

20-gauge stainless steel is durable and long-lasting

Springless design eliminates food traps and is easy to clean

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle offers a comfortable, cool grip

Handle is heat-resistant up to 180°F and color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Versagrip design features elongated ends with gripper teeth that provide a secure grip

Color coding is ideal for maximizing your HACCP program

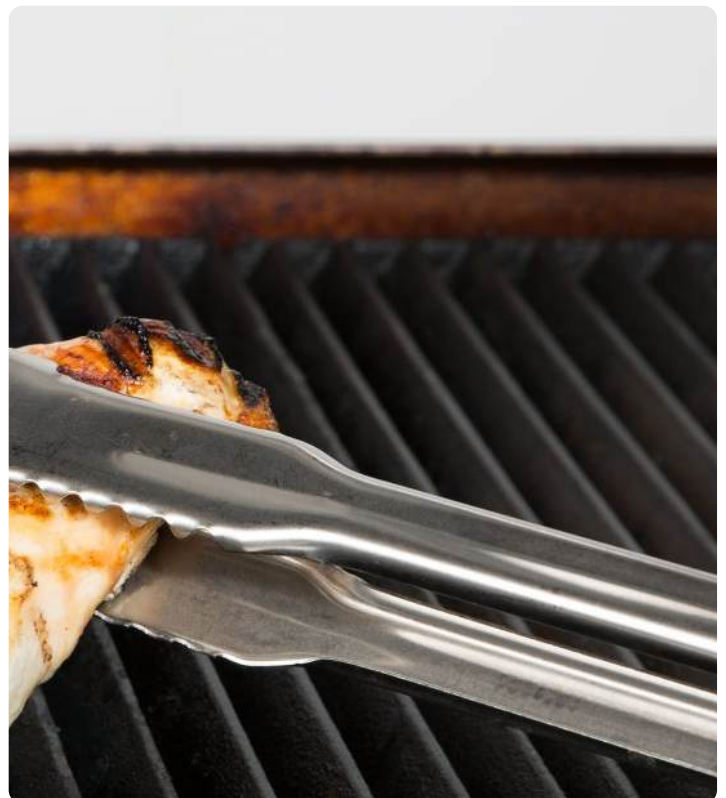

Lifetime limited warranty on tongs — does not include Kool-Touch handle coating

Ideal for cooking, serving and more

Fully Functional up to 350°F (176.6°C)

Insulated coating permanently bonded to utensil - will not slip or peel off

Provides cool, comfortable grip

## 1-ounce one-piece heavy-duty stainless steel ladle with short handle

Designed to serve a wide range of items, including sauces, soups, drinks and more, the one-piece ladle by Vollrath is up for any task. Made of heavy-duty stainless steel, this durable ladle will last for years, and the one-piece design is easy to clean. This ladle promises accurate capacity, with precise bowl dimensions and the capacity stamped clearly on the handle for quick identification. The short handle is ideal for small or low-clearance serving areas, and the beautiful stainless steel adds an elegant touch to any operation.

- Heavy-duty stainless steel construction is durable and long-lasting

1-ounce capacity is perfect for small servings

Precise bowl dimensions ensure accurate capacity

Capacity stamp on the handle allows for quick identification

Grooved handle provides additional strength
- Short handle is ideal for small or low-clearance serving areas

Mirror-finish bowl and satin-finish handle create an attractive appearance

One-piece design is easy to clean

NSF-certified

Ideal for a wide range of food items including soups, sauces, drinks and more

## 1-ounce one-piece heavy-duty stainless steel ladle with short Kool-Touch® handle

Designed to serve a wide range of items, including sauces, soups, drinks and more, the one-piece ladle by Vollrath is up for any task. Made of heavy-duty stainless steel, this durable ladle will last for years. The one-piece design is easy to clean, and the insulated Kool-Touch handle is heat-resistant up to 180°F and color-safe up to 225°F. It creates a comfortable, cool grip and features all-natural antimicrobial properties that guard against harmful bacteria. This ladle promises accurate portions, with precise bowl dimensions and the capacity stamped

clearly on the handle for quick identification. The short handle is ideal for small or low-clearance serving areas, and the beautiful stainless steel adds an elegant touch to any operation.

Heavy-duty stainless steel construction is durable and long-lasting

1-ounce capacity is perfect for small servings

Precise bowl dimensions ensure accurate capacity

Capacity stamp on the handle allows for quick identification

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle offers a comfortable, cool grip

Handle is heat-resistant up to 180°F and color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Short handle is ideal for small or low-clearance serving areas

Mirror-finish bowl and satin-finish handle create an attractive appearance

One-piece design is easy to clean

NSF-certified

Ideal for a wide range of food items including soups, sauces, drinks and more

## 1/2-ounce one-piece heavy-duty stainless steel ladle

Designed to serve a wide range of items, including sauces, soups, drinks and more, the one-piece ladle by Vollrath is up for any task. Made of heavy-duty stainless steel, this durable ladle will last for years. The one-piece design is easy to clean, and the grooved handle provides additional strength. Precise bowl dimensions promise accurate capacity, and the stamp on the handle allows for quick identification. The beautiful combination of mirror and satin finishes adds an elegant touch to any operation.

- Heavy-duty stainless steel construction is durable and long-lasting

1/2-ounce capacity is perfect for small servings

Precise bowl dimensions ensure accurate capacity

Capacity stamp on the handle allows for quick identification
- Grooved handle provides additional strength

Mirror-finish bowl and satin-finish handle create an attractive appearance

One-piece design is easy to clean

NSF-certified

Ideal for a wide range of food items including soups, sauces, drinks and more

## 3-ounce one-piece stainless steel ladle with black Ergo Grip™ Kool-Touch® handle

Uniquely and durably designed, the one-piece ladle by Vollrath is ideal for restaurants, soup stations, buffets, catering operations and more. Made of strong stainless steel, this ladle is fully functional up to 350°F and features an offset Ergo Grip handle that offers a comfortable grip. The stopper prevents the ladle from sliding into the food container, and the smooth, one-piece design makes this ladle impressively easy to clean. With a Kool-Touch handle, this

ladle ensures a cool grip when serving hot-food items, is color-safe up to 225°F and features all-natural antimicrobial properties that guard against harmful bacteria. The overall length is perfect for serving under breath guards or in other low-clearance situations.

Stainless steel construction is durable, long-lasting and fully functional up to 350°F

## 4-ounce one-piece heavy-duty stainless steel ladle with gray Kool-Touch® handle

The stainless steel ladle by Vollrath helps you stir, scoop and serve with efficiency and ease. This versatile ladle is made of heavy-duty stainless steel that is fully functional up to 350°F and features a Kool-Touch handle. This insulated handle is color-safe up to 225°F, offers a comfortable grip and has all-natural antimicrobial properties. The precise bowl dimensions

ensure accurate capacity, and the stamp on the handle allows for quick identification. With a hooked handle to prevent sliding into pots and a smooth, one-piece design, this ladle is easy to clean and a valuable addition to any kitchen.

Heavy-duty 18-8 grade stainless steel is durable and long-lasting

4-ounce capacity is ideal for small servings

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle creates a comfortable, cool grip

Handle is color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Precise bowl dimensions promise accurate capacity

Capacity stamp on handle provides quick identification

Hooked handle prevents sliding into pots and offers convenient storage

## 6-ounce stainless steel ladle with black Ergo Grip™ Kool-Touch® handle

Uniquely and durably designed, the Vollrath® ladle is ideal for restaurants, soup stations, buffets, catering operations and more. Made of strong stainless steel, this ladle is fully functional up to 350°F and features an offset Ergo Grip handle that offers a comfortable grip. The stopper prevents the ladle from sliding into the food container, and the smooth, one-piece design makes this ladle impressively easy to clean. With a Kool-Touch handle, this

ladle ensures a cool grip when serving hot food items, is color-safe up to 225°F and features all-natural antimicrobial properties that guard against harmful bacteria. The shorter overall length is perfect for serving under breath guards or in other low-clearance situations.

Stainless steel construction is durable, long lasting and fully functional up to 350°F

6-ounce capacity

Offset handle provides a comfortable grip and prevents the ladle from sliding into the food container

Shorter overall length is ideal for serving under breath guards or in other low-clearance situations

## 12-ounce heavy-duty stainless steel ladle with black Kool-Touch® handle

The stainless steel ladle by Vollrath allows you to stir, scoop and serve with efficiency and ease. This versatile ladle is made of heavy-duty stainless steel that is fully functional up to 350°F and features a Kool-Touch handle. This insulated handle is color-safe up to 225°F, offers a comfortable grip and has all-natural antimicrobial properties. The precise bowl dimensions ensure accurate capacity, and the stamp on the handle allows for quick identification. With a hooked handle to prevent sliding into pots and a smooth, one-piece design, this ladle is easy to clean and a valuable addition to any kitchen.

Heavy-duty 18-8 grade stainless steel is durable and long-lasting

12-ounce capacity is ideal for medium servings

Fully functional up to 350°F

All-natural antimicrobial properties guard against harmful bacteria

Kool-Touch handle creates a comfortable, cool grip

Handle is color-safe up to 225°F

Insulated handle is permanently bonded, so it will not slip or peel off

Precise bowl dimensions promise accurate capacity

Capacity stamp on handle provides quick identification

Hooked handle prevents sliding into pots and offers convenient storage

One-piece design is easy to clean

NSF-certified

Ideal for soup, stews, sauces and more

## 18" x 12" x ½" multi-colored six cutting board set

When creating an effective HACCP program, color-coded cutting boards are an effective, easily implemented strategy to maintain food safety and prevent cross contamination, which is why the multi-colored six cutting board set by Vollrath is an excellent choice. This set is all you need to create a color-coded system, and the high-density, nonporous surface will not crack, stain or absorb juices for superior performance and longevity. They're designed to resist cut-grooving without dulling your knives, making them exceptionally long-lasting and easy to clean. The ½-inch-thick construction offers durability, and the nonskid design prevents unwanted movement during use.

Nonporous polyethylene construction will not crack, stain or absorb juices, odor or bacteria

Six colored cutting boards allow you to implement a color-coded HACCP program

Resists cut-grooving without dulling knives

½-inch-thick construction offers durability

Nonskid design prevents unwanted movement during use

Smooth surface is easy to clean

Designed for any kitchen looking for reliable cutting boards or color-coded products for HACCP program compatibility

NSF-certified

## 20" x 15" x ½" cutting board in white

When creating an effective HACCP program, color-coded cutting boards are an effective, easily implemented strategy to maintain food safety and prevent cross contamination, which is why the cutting board by Vollrath is an excellent choice. This white cutting board fits into your color-coded system, and the high-density, nonporous surface will not crack, stain or absorb juices for superior performance and longevity. It's designed to resist cut-grooving without dulling your knives, making it exceptionally long-lasting and easy to clean. The ½-inch-thick construction offers durability, and the nonskid design prevents unwanted movement during use.

Nonporous polyethylene construction will not crack, stain or absorb juices, odor or bacteria

White color fits into your color-coded HACCP program perfectly

Resists cut-grooving without dulling knives

½-inch-thick construction offers durability

Nonskid design prevents unwanted movement during use

Smooth surface is easy to clean

Designed for any kitchen looking for reliable cutting boards or color-coded products for HACCP program compatibility

NSF-certified

## 3-ounce solid round nylon Spoodle® utensil in black

Control portions and improve serving efficiency with the nylon Spoodle utensil by Vollrath, which combines the design elements of a spoon and a ladle for convenient serving. The strong, one-piece nylon construction doesn't scratch or mar surfaces, is heat-resistant up to 475°F and features a smooth design that eliminates crevices that trap bacteria. The handle offers a comfortable ergonomic grip and features a stopper notch that prevents the utensil from sliding into your serving pans. This durable Spoodle utensil is ideal for nonstick cookware.

- Durable nylon will not scratch or mar surfaces

High-temperature construction is heat-resistant up to 475°F

Spoodle design combines benefits of spoon and ladle

One-piece construction eliminates crevices that trap bacteria
- Ergonomic handle and textured surface offer a reliable, comfortable grip

Built-in stopper notch prevents utensil from sliding into food pans

Hang-hole ensures convenient storage

Designed for nonstick cookware

## 1-ounce one-piece heavy-duty stainless steel solid oval Spoodle® utensil with black nylon handle

Control portions and improve consistency with the heavy-duty Spoodle utensil by Vollrath. By combining the design elements of a spoon and a ladle, this Spoodle utensil is convenient, accurate and easy to use. The mirror-finish stainless steel construction is beautiful and corrosion-resistant, and the one-piece design is easy to clean. The nylon handle is heat-resistant up to 450°F and features a comfortable ergonomic grip. With all-natural antimicrobial properties, this handle guards against harmful bacteria, while the color coding

and capacity stamp allow for quick identification. A built-in stopper notch prevents the handle from sliding into pots or pans, and the textured handle prevents slipping, so anyone can use this utensil with efficiency and ease.

Mirror-finish stainless steel is beautiful, durable and corrosion-resistant

Nylon handle is heat-resistant up to 450°F

1-ounce capacity creates consistent portions

Textured handle and ergonomic design offer a steady grip

All-natural antimicrobial properties guard against harmful bacteria

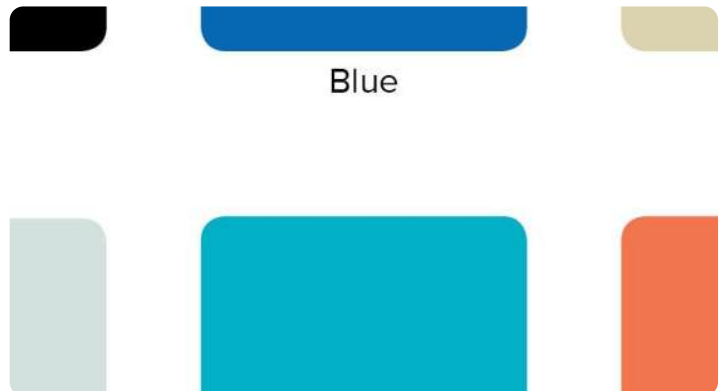

One-piece design is easy to clean

Color coding and capacity stamp on handle allow for quick identification

Stopper notch on handle prevents the utensil from sliding into pots or pans

Unique oval shape reaches food pan corners, reducing waste

NSF-certified

## Heavy-duty stainless steel solid basting spoon with white Ergo Grip™ handle

Designed to provide the highest-quality service, the solid basting spoon by Vollrath is ideal for basting, stirring, serving and more. Made of strong stainless steel, this one-piece spoon is resistant to corrosion, easy to clean, and features a unique shape that fits perfectly into pan corners to maximize serving efficiency and reduce waste. The textured Ergo Grip handle features all-natural antimicrobial properties that guard against harmful bacteria, and a

stopper that prevents the spoon from sliding. Heat-resistant up to 450°F, this insulated handle ensures a comfortable experience and features thoughtful design elements that work together to promise superior results.

Heavy-gauge stainless steel is durable, long-lasting and corrosion-resistant

Unique bowl shape maximizes serving efficiency and minimizes food waste

One-piece construction prevents bacteria and is easy to clean

Ergo Grip handle offers user comfort and reduces hand fatigue

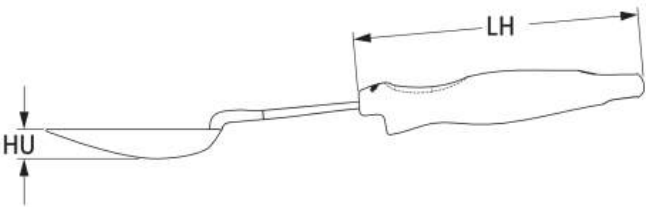

Stopper prevents spoon from slipping

Insulated handle is heat-resistant up to 450°F

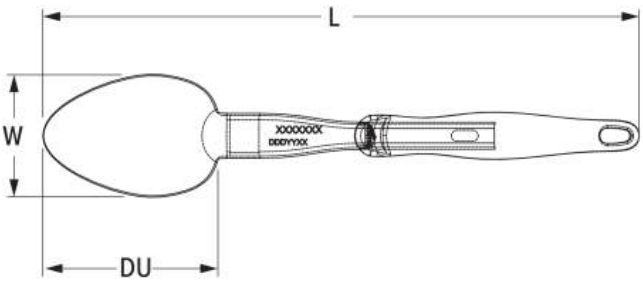

Handle features all-natural antimicrobial properties that guard against harmful bacteria

Ideal for basting, stirring, serving and more

## 14-inch heavy-duty stainless steel perforated basting spoon with white Ergo Grip™ handle

Designed to provide the highest-quality service, the perforated basting spoon by Vollrath is ideal for basting, stirring, serving and more. Made of strong stainless steel, this one-piece spoon is resistant to corrosion, easy to clean, and the perforations allow excess liquid to drain quickly. The textured Ergo Grip handle features all-natural antimicrobial properties that

guard against harmful bacteria, and a stopper that prevents the spoon from sliding. Heat-resistant up to 450°F, this insulated handle ensures a comfortable experience and superior results.

- Heavy-gauge stainless steel is durable, long-lasting and corrosion-resistant

Unique bowl shape maximizes serving efficiency and minimizes food waste

One-piece construction prevents bacteria and is easy to clean

Ergo Grip handle offers user comfort and reduces hand fatigue

Stopper prevents spoon from slipping
- Insulated handle is heat-resistant up to 450°F

Handle features all-natural antimicrobial properties that guard against harmful bacteria

Perforated design is ideal for straining liquids from foods while serving

## 1-ounce one-piece heavy-duty perforated oval Spoodle® utensil with black nylon handle

Control portions and improve consistency with the heavy-duty Spoodle utensil by Vollrath. By combining the design elements of a spoon and a ladle, this Spoodle utensil is convenient, accurate and easy to use. The mirror-finish stainless steel construction is beautiful and corrosion-resistant, and the perforated bowl design is ideal for straining liquids from food. The nylon handle is heat-resistant up to 450°F and features a comfortable ergonomic grip. With all-natural antimicrobial properties, this handle guards against harmful bacteria. The

one-piece design is easy to clean, while the color coding and capacity stamp on the handle allow for quick identification. A built-in stopper notch prevents the handle from sliding into pots or pans, and the textured handle prevents slipping, so anyone can use this utensil with efficiency and ease.

Mirror-finish stainless steel is beautiful, durable and corrosion-resistant

Nylon handle is heat-resistant up to 450°F

1-ounce capacity creates consistent portions

Textured handle and ergonomic design offer a steady grip

All-natural antimicrobial properties guard against harmful bacteria

One-piece design is easy to clean

Color coding and capacity stamp on handle allow for quick identification

Stopper notch on handle prevents the utensil from sliding into pots or pans

Oval shape reaches food pan corners, reducing waste

NSF-certified

Perforated bowl design is ideal for straining liquids from foods while serving

Mirror-finish stainless steel is beautiful, durable and corrosion-resistant

Nylon handle is heat-resistant up to 450°F

3-ounce capacity creates consistent portions

Textured handle and ergonomic design offer a steady grip

All-natural antimicrobial properties guard against harmful bacteria

One-piece design is easy to clean

Color coding and capacity stamp on handle allow for quick identification

Stopper notch on handle prevents the utensil from sliding into pots or pans

Oval shape reaches food pan corners, reducing waste

Perforated bowl design is ideal for straining liquids from foods while serving

NSF-certified

## 3-ounce one-piece heavy-duty perforated oval Spoodle® utensil with ivory nylon handle

Control portions and improve consistency with the heavy-duty Spoodle utensil by Vollrath. By combining the design elements of a spoon and a ladle, this Spoodle utensil is convenient, accurate and easy to use. The mirror-finish stainless steel construction is beautiful and corrosion-resistant, and the perforated bowl design is ideal for straining liquids from food. The nylon handle is heat-resistant up to 450°F and features a comfortable ergonomic grip. With all-natural antimicrobial properties, this handle guards against harmful bacteria. The

one-piece design is easy to clean, while the color coding and capacity stamp on the handle allow for quick identification. A built-in stopper notch prevents the handle from sliding into pots or pans, and the textured handle prevents slipping, so anyone can use this utensil with efficiency and ease.

## 3-ounce one-piece heavy-duty perforated round Spoodle® utensil with ivory nylon handle

Control portions and improve consistency with the heavy-duty Spoodle utensil by Vollrath. By combining the design elements of a spoon and a ladle, this Spoodle utensil is convenient, accurate and easy to use. The mirror-finish stainless steel construction is beautiful and corrosion-resistant, and the perforated bowl design is ideal for straining liquids from food. The nylon handle is heat-resistant up to 450°F and features a comfortable ergonomic grip. With all-natural antimicrobial properties, this handle guards against harmful bacteria. The

one-piece design is easy to clean, while the color coding and capacity stamp on the handle allow for quick identification. A built-in stopper notch prevents the handle from sliding into pots or pans, and the textured handle prevents slipping, so anyone can use this utensil with efficiency and ease.

## 9 ½-inch high-temperature nylon-end one-piece tongs with purple Kool-Touch® handle

With a sleek design and high-temperature capabilities, the nylon-end one-piece tongs by Vollrath will quickly become your favorite cooking tool. Featuring a heavy-gauge stainless steel body, these tongs will last for years of quality service and are fully functional up to 350°F. The one-piece design prevents unsanitary food traps and is easy to use. The nylon end won't scratch or mar nonstick surfaces and is heat-resistant up to 450°F for impressive versatility. The scalloped, concave design grips food gently, but firmly, and the ergonomic

handle design offers a comfortable grip and reduces hand fatigue. The Kool-Touch handle is heat-resistant up to 180°F and color-safe up to 225°F. This insulated handle coating is permanently bonded, so it will not slip off, and ensures a cool grip. These tongs feature all-natural antimicrobial properties and are dishwasher-safe for easy cleaning.

## Heat protection gloves medium size silicone and cotton

Pick up, move and carry hot pans and pots with the heat protection gloves by Pujadas. Made with a silicone exterior and cotton lining, these gloves offer excellent insulation and protection against hot temperatures. The thin design is less bulky than traditional oven mitts to allow a more accurate feel and better grip on hot items, and the medium size fits most hands. They feature a Sanitized Actifresh® treatment, which guards against microorganisms that can cause health concerns and odors, so they're a safe choice for both you and your guests. Sanitized Actifresh is a registered trademark of SANITIZED Marketing AG.

Silicone exterior and cotton lining provide impressive insulation

Thin design is less bulky than traditional oven mitts for a more accurate feel and better grip

Sanitized Actifresh treatment helps guard against microorganisms that can cause health concerns and odors

## Oven mitt 30 centimeter silicone in red

This oven mitt by Pujadas promises superior protection against hot temperatures. Made of silicone, this oven mitt provides excellent insulation without extra bulk, which allows a more accurate feel and better grip on hot items. The textured surface transforms the traditionally slippery silicone surface into one with adequate grippage, and the separate first-finger slot offers additional mobility and security. This 30-centimeter oven mitt has plenty of room for large hands and extends up the arm far enough to provide protection when reaching into hot ovens. Versatile and reliable, this oven mitt is up for any task.

Silicone construction provides impressive insulation	Separate finger slot for additional mobility and security
Thin design is less bulky than traditional oven mitts for a more accurate feel and better grip	30-centimeter length extends up arm far enough to offer protection when reaching into hot ovens

## 18" x 12" x ½" cutting board in white

When creating an effective HACCP program, color-coded cutting boards are an effective, easily implemented strategy to maintain food safety and prevent cross contamination, which is why the cutting board by Vollrath is an excellent choice. This white cutting board fits into your color-coded system, and the high-density, nonporous surface will not crack, stain or absorb juices for superior performance and longevity. It's designed to resist cut-grooving without dulling your knives, making it exceptionally long-lasting and easy to clean. The ½-inch-thick construction offers durability, and the nonskid design prevents unwanted movement during use.

Nonporous polyethylene construction will not crack, stain or absorb juices, odor or bacteria

White color fits into your color-coded HACCP program perfectly

Resists cut-grooving without dulling knives

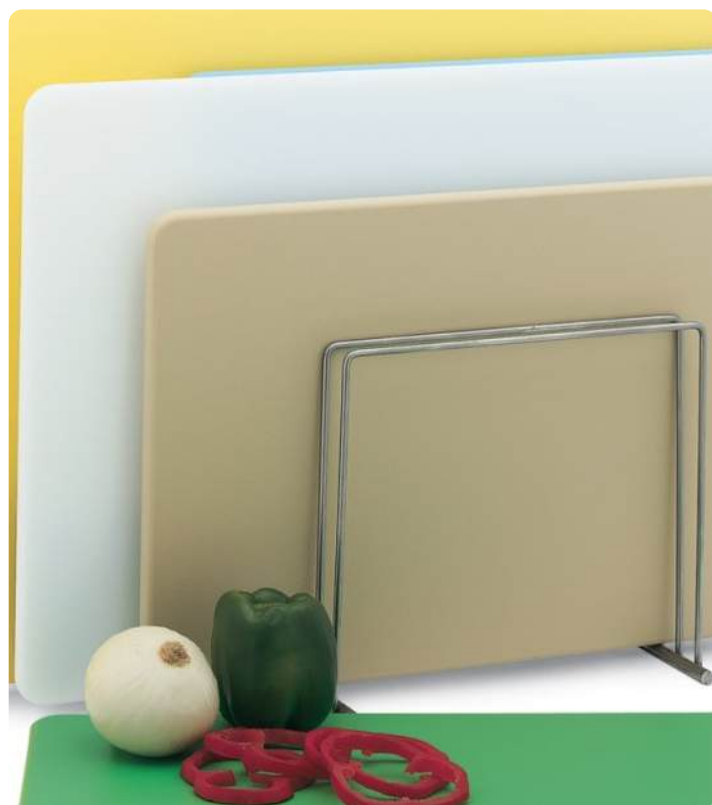

½-inch-thick construction offers durability

Nonskid design prevents unwanted movement during use

Smooth surface is easy to clean

Designed for any kitchen looking for reliable cutting boards or color-coded products for HACCP program compatibility

NSF-certified

## 2-ounce one-piece heavy-duty perforated oval Spoodle® utensil with black nylon handle

Control portions and improve consistency with the heavy-duty Spoodle utensil by Vollrath. By combining the design elements of a spoon and a ladle, this Spoodle utensil is convenient, accurate and easy to use. The mirror-finish stainless steel construction is beautiful and corrosion-resistant, and the perforated bowl design is ideal for straining liquids from food. The nylon handle is heat-resistant up to 450°F and features a comfortable ergonomic grip. With all-natural antimicrobial properties, this handle guards against harmful bacteria. The

one-piece design is easy to clean, while the capacity stamp on the handle allows for quick identification. A built-in stopper notch prevents the handle from sliding into pots or pans, and the textured handle prevents slipping, so anyone can use this utensil with efficiency and ease.

## 24-ounce Traex® FIFO clear squeeze dispenser with blue Tri Tip™ and blue base cap

Serve the freshest condiments with confidence from the Traex® first-in/first-out squeeze dispenser. Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. Perfect for high-

volume areas, the patented Tri Tip™ saves time by allowing you to quickly dispense condiments on larger food items like salads and sandwiches, and tips can be cut to accommodate thicker dressings, sauces, and condiments.

Blue twist caps on each end simplify product identification

Embossed graduated design simplifies portion tracking

Colored cap system prevents cross-contamination

Tight, no-leak seals help prevent spills and messes

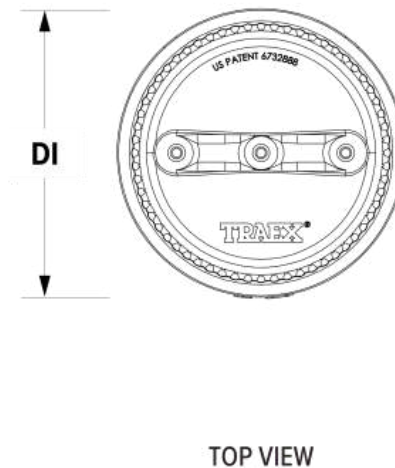

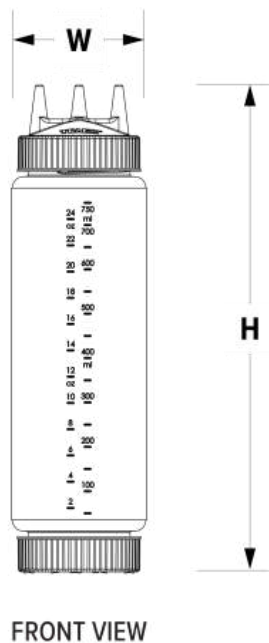

May cut tip to dispense thicker sauces or condiments

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

Traex® FIFO squeeze dispensers fill from the bottom but dispense from the top, for improved food safety and less waste. The clear 24-ounce bottle enhances product visibility, and a wide mouth on each end makes refilling and cleaning easy. Classic single tip ensures precise control and can be cut to accommodate thicker dressings, sauces, and condiments.

Blue twist caps on each end simplify product identification

Embossed graduated design simplifies portion tracking

Colored cap system prevents cross-contamination

Tight, no-leak seals help prevent spills and messes

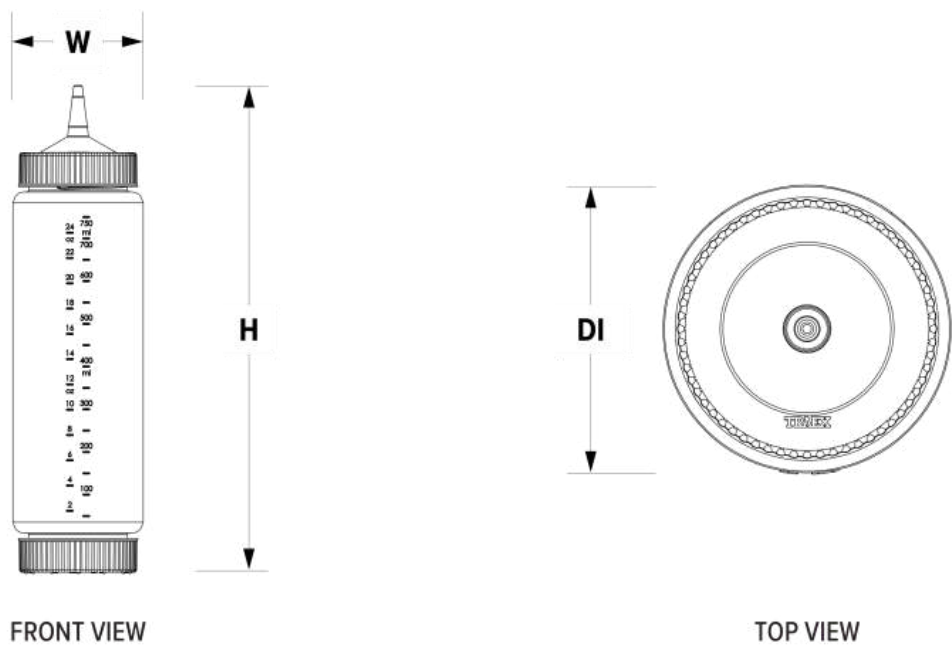

May cut tip to dispense thicker sauces or condiments

Date code on storage base cap helps ensure safety and freshness

BPA-free polyethylene is NSF-certified and dishwasher-safe

Made in USA

## 5 1/3-ounce round stainless steel squeeze disher

Designed to simplify the serving of soft-food items, the round squeeze disher by Vollrath is perfect for any buffet line, catering operation, restaurant, deli or other foodservice establishment that is looking for a convenient tool to ensure accurate, consistent portions. Made of durable stainless steel, this disher is sure to last for years, and it features an ergonomic design that is operated by right- or left-handed users easily. The simple squeeze-handle release allows for efficient serving, and the blade extends beyond the bowl to prevent sticking. While this disher is not recommended for hard or frozen foods like ice cream, it is ideal for serving soft foods like mashed potatoes, rice, pasta salads, desserts and more.

Stainless steel construction is durable and long-lasting

5 1/3-ounce capacity ensures accurate portions

Symmetrical shape and simple squeeze release are ideal for right- or left-handed users

Ergonomic design offers a comfortable grip

Blade extends beyond the bowl to prevent sticking

Not for hard or frozen foods

Serve mashed potatoes, rice, pasta salads, desserts and more with efficiency, consistency and ease
