Extra-small square melamine cubic display bowl in blue

With lightweight, durable construction and a sleek square design, this cubic display bowl by Vollrath adds a fun, fresh appearance to your serving area. The melamine construction stands up to regular use easily and mimics the look of porcelain without the heavy weight or fragility. Whether you use this bowl by itself or with other items from the cubic display collection, it's sure to draw attention. The extra-small size is ideal for sauces, dips, sides, snacks and more.

Melamine construction is durable and long-lasting

Mimics the look of porcelain without the heavy weight or fragility

Blue exterior adds a pop of color to your serving area

Modern square design

Sold only in case lots

Name	Item #
10-inch Miramar® display cookware oval 18-8 grade stainless steel au gratin pan in mirror finish	49420

Miramar® Cookware Single Size Templates

This Miramar resin adapter plate in night sky provides a beautiful contrast to your mirror-finished pans for an upscale buffet presentation. Whether you're serving hot food, cold, or a mixture of both, this heat resistant adaptor plate will help keep your serving pans and, more importantly, your food, at the perfect temperature for your guests. The plate won't warp or fade, and its patterned design minimizes the appearance of wear. This plate is designed to hold (1) 14 1/4" x 11 1/4" French oven pan. This opening allows the bottom of your serving pan to rest securely under the tabletop. This is a great feature for accommodating hidden chafers, which keep your food at the proper serving temperature throughout the duration of

any event. This resin adapter plate is heat resistant up to 300 degrees Fahrenheit, and it boasts a corner design to ensure a secure fit in your standard 12" x 20" hot or cold well opening. This plate is dishwasher safe, making it easy to clean and have ready for your next event.

Dripcut® Replacement Jars and Tops

This Dripcut® Chrome plated top syrup servers is durable, easy to clean, and ideal for pouring a variety of sauces and syrups. This easy-pour top is designed for use with Vollrath 14 oz. polycarbonate servers (sold separately). Use it to pour delicious maple syrup, pancake batter, dessert sauces, or even salad dressings. This top is built to create less waste by utilizing a thumb tab to open its pour spout for precise pouring, allowing your guests to control the exact amount of toppings applied to their meals. Plus, plastic tops are ideal for containing acidic contents and are able to stand up to the wear and tear of everyday use.

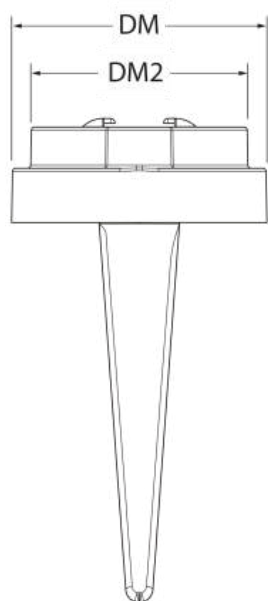

Plastic tops are ideal for acidic contents

Polycarbonate is clear, polyethylene is white

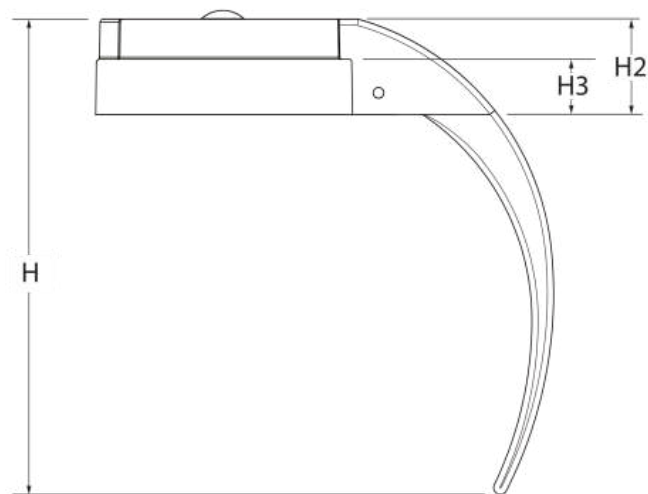

Sold only in case lots

The durable clear plastic container provides an excellent view of the contents for quick identification and makes it easy to tell when it's time to refill. Easy to operate, the smooth top promises a comfortable grip. The chrome plating creates a beautiful appearance, and the classic design ensures that this serving jar is an attractive addition to any foodservice operation.

Durable polycarbonate jar lasts for years

Top is easy to use and comfortable to grip

Clear jar helps user identify contents and know when refills are required

Simple design is easy to operate

Chrome-plated top creates a sleek appearance

Ideal for syrup, salad dressing, sauces and more

Sign holder is 4"x 6"

PRODUCT SPECIFICATIONS

Traex® Color-Mate snap-on “ICE ONLY” food storage box lid in blue

Clearly label, store and transport your icebox with this snap-on food storage box lid by Vollrath. Thanks to the combination of the blue color and the “ICE ONLY” imprint, this lid makes it easy to keep track of your icebox and fit into your HACCP color-coded program perfectly. The snap-on design firmly attaches to the box and is both dishwasher- and freezer-safe. Made of durable polypropylene, this lid is sure to last for years.

Durable polypropylene construction

2 ½-inch height increases capacity by 46 percent

Blue color and “ICE ONLY” imprint on top clearly identifies contents of box

Refreezable bottles (Vollrath item number 4747, sold separately) fit perfectly under inserts to keep items cool

Not recommended for dishwashers

Made in the USA

Durable and professional-looking

Ideal for restaurants, supermarkets, convenience stores, classrooms, lecture halls, offices, manufacturing facilities and more

7-ounce plastic serving jar with almond plastic top

Versatile and reliable, the plastic serving jar by Vollrath is ideal for syrup, salad dressing, sauces and more. The durable clear plastic container provides an excellent view of the contents for quick identification and makes it easy to tell when it's time to refill. Thanks to the sleek design and curved handle, this serving jar promises smooth operation and a comfortable grip. The neutral almond color and the classic design ensure that this serving jar is an attractive addition to any foodservice operation.

Durable polycarbonate jar lasts for years of service

Curved handle is comfortable to grip

Clear jar makes it easy to identify contents and know when refills are required

Simple design promises smooth operation

Neutral almond color blends with your design aesthetic

48-ounce Dripcut® plastic server replacement jar in white

The Dripcut server replacement jar by Vollrath blends easily with the rest of your serving ware. The lightweight plastic construction promises durability and strength, and the neutral white matches a variety of decor. Whether your previous jar was lost or broken, or you simply want some extra sets on hand, this server will work perfectly with your Dripcut top for convenient, reliable service.

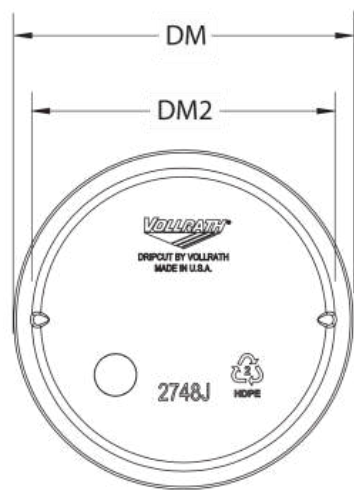

Strong plastic construction is both durable and lightweight

Works with your Dripcut server plastic or chrome-plated top

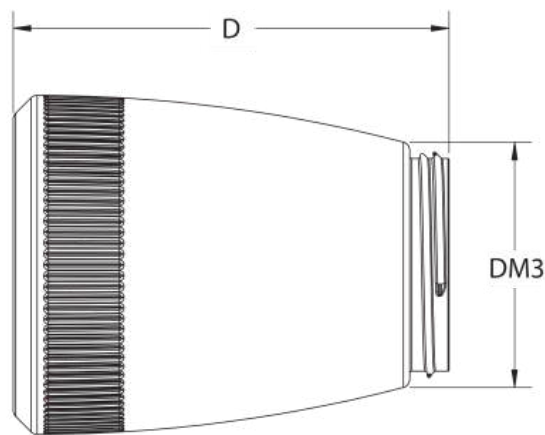

Sold only in case lots

Designed for syrup, sauces, dressings,
honey and more

Traex® Kondi-Keeper™ plastic condiment dispenser in black with six 1-pint inserts

Designed to keep all your popular condiments safe and secure, the Traex Kondi-Keeper plastic condiment dispenser by Vollrath is the perfect addition to your bar, countertop, buffet line or other foodservice area. The transparent lid ensures excellent visibility and prevents contamination, while the six inserts keep your food items organized, cool and fresh.

Refreezable bottles (Vollrath® item number 4747, sold separately) fit perfectly under the inserts, maintaining ideal serving temperatures, while the durable plastic construction promises a long life.

- Plastic construction is durable and long-lasting

Inserts keep condiments separated and organized

Transparent lid reduces contamination while providing product visibility
- Refreezable bottles (Vollrath item number 4747, sold separately) fit perfectly under inserts to keep items cool

Not recommended for dishwashers

Contemporary design is perfect for your bar, countertop, buffet line or other foodservice area

48-ounce Dripcut® server with plastic jar and yellow plastic top

The Dripcut server by Vollrath features a white plastic jar and a fun yellow top that creates an attractive appearance on any tabletop. This lightweight jar is a safe alternative to glass and is impressively easy to clean. With molded-in graduated markings for accurate measurements, this server makes it easy to control portions and prevent waste. The smooth handle provides a comfortable grip, and the thumb tab helps control pouring speed to ensure smooth operation. Designed for syrups, sauces, dressings and more, this versatile server is a valuable addition to any cafe, diner, restaurant or other foodservice establishment.

- Plastic jar is durable and lightweight
- Sleek design is easy to use and offers a comfortable grip
- 48-ounce capacity fits large amounts of products and reduces the number of refills required

- Made for your 14-ounce Dripcut glass jar (Vollrath item number 614)
- Red top adds a pop of color to your serving area

60-ounce Traex® Tuffex clear plastic deluxe beverage pitcher

This clear pitcher is an essential addition to restaurants, bars and catered events and is ideal for serving soda, iced tea, lemonade and beer. Virtually unbreakable, it features a sleek pour spout, a comfortable handle, and a molded-in thumb grip for precise pour control. A slotted base helps drain water to speed drying and reduce water spotting, and the angled design creates an attractive appearance.

Virtually-unbreakable polycarbonate is durable and long-lasting

Thumb grip ensures excellent control

Sleek pour spout for smooth pouring

Wide base promises stability

Not recommended for use in ice

Dishwasher-safe up to 200°F

NSF-certified

Samples are required for orders with 144 or more items but are recommended for all orders

5.75-gallon Traex® Safety Mate Ice Porter® ice bucket with hanging bracket

Easily and efficiently transport ice with this Vollrath® ice bucket. Made of durable, break-resistant plastic, this ice bucket will last for years, and the unique design makes it easy to use. There is a built-in easy-grip handle, a built-in hook that attaches to the hanging bracket for draining and storage, and a pour spout that helps reduce mess. Four of these units can fit on a dolly for faster transportation, or one can be easily carried by the handle.

Durable, break-resistant plastic ensures years of use

Pour spout helps reduce mess

Built-in easy-grip handle provides a comfortable grip

Built-in hook attaches to hanging bracket for storage and draining

Four units can fit on a dolly for fast transportation

Ice Porter lid sold separately

Patent #7, 686, 168B1

Designed for any foodservice operation that needs simple ice transportation

Hanging bracket for Traex® Safety Mate Ice Porter® ice bucket

The perfect companion to your Traex Safety Mate Ice Porter ice bucket by Vollrath, this hanging bracket offers a convenient storage solution. The built-in hook on the ice bucket makes it easy to take it on and off this hanging bracket, so whether you use your ice bucket all the time or only on occasion, this hanging bracket makes sure it's always ready and within reach.

Designed for your Traex Safety Mate Ice Porter ice bucket

Built-in hook on ice bucket ensures easy placement and removal

Conveniently saves space and ensures your bucket is always within reach

Refreezable bottles (Vollrath item number 4747, sold separately) fit perfectly under inserts to keep items cool

Not recommended for dishwashers

Contemporary design is perfect for your bar, countertop, buffet line or other foodservice area

Rubber feet maintain stability and protect tabletop

Beautiful appearance is ideal for both front- and back-of-house use

Roll-top cover for full-size chafer with classic brass trim

The roll-top chafer cover by Vollrath is an excellent addition to your brass-trim buffetware collection. Designed to fit perfectly on your full-size, brass-trim chafer, this roll-top cover helps trap heat to maintain food quality, and offers smooth operation that's perfect for self-service buffets. The mirror finish and classic brass handle match the traditional appearance of the rest of your brass-trim buffetware, and the durable stainless steel construction promises years of use.

Stainless steel construction is durable and long-lasting

Modern design and mirror finish create an attractive appearance

Brass trim adds a touch of sophistication and is clear-coated to prevent discoloration

Modern square design

Dishwasher-safe for easy cleaning

Ideal for syrup, dressing, sauces and more

120-volt electric chafers heater

Keep your buffet line food at the proper temperature without the hassle, risks and cost of canned chafers fuel with this electric chafers heater. It's designed to fit standard fuel cup openings, and the spring-loaded elements maintain full contact with water pans for efficient heat transfer. Set on high, one chafers heater is needed for a full-size chafers, if the water level does not exceed 1/3 inch. There are two power settings and a lighted switch that signals when it's on.

Designed to maintain proper serving temperatures

Sized to fit in standard fuel cup openings

Spring-loaded element maintains contact with the water pan for improved efficiency

Two power settings provide versatility

6-foot grounded cord

Only one chafer heater is needed per full size chafer

Fits all Vollrath chafers except for Vollrath item numbers: 46030, 46328, 46350, 46360, 46430, 46850, 48328, 49525, T3500, T3600, T3605, T3633, T3505

Intrigue® Round Induction Chafers

This elegant yet versatile chafer offers a low profile design for better presentation of food!

18-8 mirror finished stainless steel - durable and easy to clean

Low profile design keeps food lower to countertop surface for easier self-serve applications

Mirror finished stainless steel water pan is 18-0 stainless steel for use with induction heaters and easy cleaning

Available with brass plated or mirror-finish stainless accents to fit your buffet presentation

Removeable cover with baffle slow-moving hinge design holds cover in closed or 45-90° position

Reinforced bracket with rubber table casters for longer life and to keep chafer in place

Available with stainless or porcelain food pans.

Increase your versatility by using the 46861 18-8 stainless steel divided food pan

Intrigue® Round Induction Chafer Glass Lid with Stainless Steel Trim

Designed as a direct replacement for your Vollrath round Intrigue chafer, this Vollrath 46127 glass lid with stainless steel trim protects your food in style. The handle is easy to grip yet elegant in appearance, with soft edges and subtle ridges along the outermost part of the handle. At the same time, the see-through glass top ensures optimal visibility without letting hot air out of the chafer.

This chafer cover's brilliant mirror finish makes it ideal for classic and contemporary events, alike. The durable design ensures it will last atop your chafer over an induction burner. Use it everyday or reserve it for special occasions atop your Intrigue chafer!

- 18-8 mirror finished stainless steel - durable and easy to clean

See-through glass lid allows customers to see contents of pan at a glance
- Helps food retain heat during service

Protects food from airborne contaminants

9-quart full-size New York, New York[®] drop-in chafers with a fully retractable dome cover, Super Pan V[®] food pan, drippless water pan and brass trim

When you want the very best combination of sophistication, quality and design, choose the New York, New York drop-in chafer by Vollrath. This elegant chafer features a stunning mirror-finish stainless steel body and brass trim for a traditional, beautiful presentation. The high-quality welded construction promises years of reliable service, and the sleek drop-in design fits perfectly in your counter for a streamlined appearance.

The hinged dome lid can be fully retracted or held at 90 degrees for impressive versatility, making serving and refilling exceptionally easy. This high-performing chafer comes with a Super Pan V food pan, which offers superior durability, strong corners, and easy pouring. The flat edges trap heat, which ensures superior results and improves energy efficiency. This chafer also comes with a dripless water pan, which prevents unattractive water marks on your table for a clean, elegant appearance.

Strong solid-cast brass handles and legs ensure stability

18-8-grade stainless steel is durable and long-lasting

Modern square design

Dishwasher-safe for easy cleaning

Ideal for syrup, dressing, sauces and more

Replacement New York, New York chafer cover handle

For use with your Vollrath 46265 New York, New York chafer's dome cover, this replacement cover handle adds an unmistakable design to your display. Silver coloring and sophisticated brass accents provide a classic touch that ensures your operation can continue to serve entrees and sides in signature style.

When your existing handle wears out, replace it with ease with this replacement cover handle. Simply unscrew the old one from the cover and attach this one in its place. The silver coloring will add an upscale look to your presentations, while the elegant design ensures an unforgettable appearance.

Made of heavy-duty 18-8 stainless steel

Attaches easily

Brilliant mirror finish

Attractive gold accents

PRODUCT **SPECIFICATIONS**

2-gallon New York, New York® cold-beverage dispenser with brass trim

When you want the very best combination of sophistication, quality and design, choose the Vollrath® 2-gallon New York, New York cold-beverage dispenser. This elegant dispenser features a stunning mirror-finish stainless steel body and brass trim for a traditional, beautiful appearance. The clear beverage container features a maximum fill line and provides excellent visibility, while the ice tube keeps beverages cold without diluting them. The high-quality welded construction and durable legs maintain superior stability and promise years of reliable service.

Avenger™ economy rectangle rolltop chafer in mirror finish with 9-quart full-size food pan and water pan

The Vollrath® rectangle rolltop chafer is ideal for any buffet or catering event. Designed to ensure consistent heating, this chafer easily and efficiently warms your food to ideal serving temperatures and comes with a wind guard to protect the fuel from the elements during outdoor functions. The fully retractable hinged cover can be completely closed, held at 90

degrees or kept fully open for serving flexibility. This cover also features perforations that allow steam to escape, preventing food from being ruined by excess moisture. The 9-quart food pan easily holds a variety of foods, and the strong stainless steel construction has a mirror finish, helping it stand up to the demands of your catering operation and look beautiful in the process.

18-8 grade mirror-finish stainless steel is sleek, long lasting, and easy to clean

Fully retractable hinged cover works in closed, 90-degree and fully open positions for serving flexibility

Perforations on cover allow steam to escape, preserving food quality and eliminating excess moisture

Wind guard shields fuel from wind for outdoor use and provides an attractive presentation

Includes Vollrath Super Pan V® rectangular pan with integral ramp for safe and easy removal

Fits chafer tote box, Vollrath item number 52647, sold separately

Please note that this unit will not work with the electric chafer heater, Vollrath item number 46060

9-quart capacity fits a wide range of foods

Designed for any buffets and catering operations, including outdoor events

1 9/10-quart round angled double-wall stainless steel serving bowl with beehive pattern

Designed to create a sophisticated, engaging display, the round double-wall serving bowl by Vollrath features a unique beehive pattern that catches the eye and an angled opening that provides excellent product visibility and access. The durable, double-wall construction maintains proper serving temperatures and prevents unsightly condensation, making this bowl just as functional as it is beautiful. With a shiny mirror-finish exterior, it fits into your display seamlessly and adds a touch of elegance.

- Heavy-duty stainless steel construction is long-lasting and will not affect the taste or color of food

Double-wall design maintains serving temperatures and prevents condensation for a clean appearance

Mirror-finish exterior creates an elegant look
- Satin-finish interior hides scratches and other signs of wear

No preheating or chilling is required

Requires no preheating or chilling

NSF-certified

Condiment Server

Perfect for serving nuts, mints, candies and more on your bar or tabletop, the condiment server by Vollrath features three stainless steel bowls, an easy-to-grip handle and a sturdy base to prevent spills. The strong construction and the combination of mirror and satin finishes creates a stylish, attractive look that will last for years. Designed with convenience and durability in mind, this condiment server is versatile, reliable and easy to use.

Stainless steel construction is durable and resistant to corrosion, pitting and rusting

Mirror-finish handle and bowl interior create an elegant appearance

Satin-finish bowl exterior prevents signs of wear

Hollow rod handle is easy to grip and transport

Sturdy base prevents spills

Perfectly sized for nuts, mints, chocolate, candy and other small snack items

2-ounce stainless steel ramekin in mirror and satin finish

The stainless steel ramekin by Vollrath is ideal for serving condiments, dips and sauces or for holding dry or wet ingredients. The one-piece, stainless steel construction is durable and easy to clean, while the combination of mirror and satin finishes creates a unique, elegant appearance. The spouted bowl ensures mess-free pouring, and the wide handle allows for a secure grip, making these ramekins ideal for a wide range of applications.

One-piece, stainless steel construction is durable and long-lasting

Mirror-finish exterior creates a sophisticated appearance

Satin-finish interior and bottom hide signs of wear

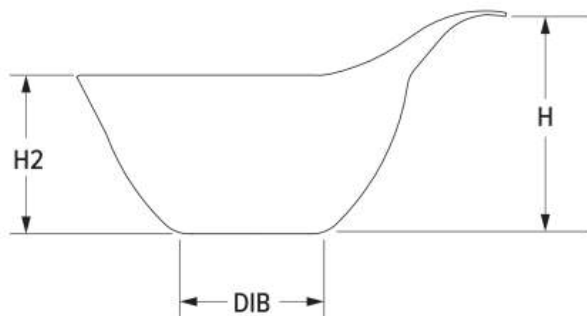

Spouted bowl design helps prevent messes

Wide handle offers a comfortable grip

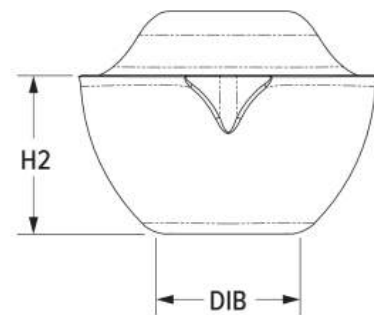

NSF-certified

Ideal for a wide range of applications including holding dry or wet ingredients and serving condiments, dips, sauces and more

Contoured carving station

With a thoughtful design and a stylish appearance, the Vollrath® contoured carving station is a valuable addition to any foodservice establishment that regularly carves meat. A simple switch turns on the powerful heat lamps so that your meat stays warm throughout carving, and a clear tempered glass customer breath guard maintains both product visibility and sanitation. The high-quality cutting board is dishwasher safe, and the recessed base features channels that guide liquids into a drip pan that is easily removed. The heavy-duty steel frame and solid construction ensure durability, and the rubber feet prevent unwanted movement.

Heavy-duty chrome-plated steel frame
is built for years of service

Clear, tempered glass customer breath guard maintains product visibility and sanitation

Knife-friendly, dishwasher-safe, NSF-certified cutting board included

Spun-aluminum shades for lamps provide high-quality heat dissipation

Recessed base features channels that guide liquids into removable drip pan

Super Pan V® quarter-size drip pan included

Rubber feet maintain stability and protect tabletop

On/off lighted switch on base

6-foot cord with plug

Use only Vollrath 250-watt infrared replacement bulbs: Vollrath item numbers: 72242 (white) or 72241 (red)

Ideal for any foodservice operation that regularly carves meats

6-ounce flared stainless steel sauce cup

Maintain the quality of your condiments while adding a sleek appearance to your table with the flared sauce cup by Vollrath. The stainless steel construction maintains serving temperatures longer than plastic or melamine, making it the perfect choice for a wide variety of condiments, dips, dressings and sauces. Featuring a combination of mirror and satin finishes and a unique flared shape, which makes it easier to dip or pour, this sauce cup is ideal for any restaurant, buffet, catering operation and more.

Stainless steel is durable and long-lasting

Mirror-finish exterior creates an attractive appearance

Satin-finish interior hides signs of wear

Maintains serving temperatures for high-quality results

Unique flared design adds a touch of elegance

Perfect for restaurants, buffets, catering operations and more

Hollow-handle perforated turner

Sleek and sophisticated, the hollow-handle perforated turner by Vollrath is a beautiful addition to your serving ware. It features a durable, one-piece stainless steel construction, promising years of use, and a shiny mirror finish. The long handle makes this turner easy to use, and the finger grips offer a comfortable serving experience. The hollow design ensures a well-balanced feel, and thanks to the elegant perforations, excess liquids will drain away to help prevent soggy or oversaturated food items.

Stainless steel construction is durable and long-lasting

Mirror finish creates an elegant appearance

- Long handle features finger grips for a comfortable user experience
- Two tines are perfect for handling meat items
- One-piece construction ensures a well-balanced feel
- NSF-certified

Vacuum wine stopper

Thanks to an effective, easy-to-use design, the vacuum wine stopper by Vollrath is perfect for your winery, restaurant or catering operation. By removing the excess oxygen, this stopper creates a tight seal that's so reliable you can store your wine vertically or horizontally without worrying about leaks. The unique design features the pump and stopper in one effective unit, and the textured sides offer a comfortable grip. This wine stopper promises to preserve freshness, seal in flavor and maintain quality.

Pump and wine stopper in one unit

Maintains quality by removing excess oxygen

Vacuum-tight seal prevents leaks, allowing for upright or horizontal storage

Textured sides offer a comfortable grip

Dishwasher-safe for easy cleaning

Case Lot Weight (lbs.)	0.84

8 ¼-inch brocade stainless steel serving spoon

With a sleek design, elegant trim and high-quality construction, the brocade serving spoon by Vollrath is an excellent choice for any establishment. The heavy-weight 18-percent chrome stainless steel ensures a comfortable user experience, creates a balanced feel and is incredibly long lasting. With a beautiful mirror finish and unique trim design for a timeless appearance, this serving spoon is equally upscale and user-friendly.

18-percent chrome stainless steel is durable and long-lasting

Heavy-weight design ensures a comfortable grip

Mirror finish and elegant trim offer a classic look

Sold in case lots only

Designed for any buffet, catering operation, restaurant or other foodservice establishment

Designed for casseroles, as well as other entrées, sides, desserts and more

Designed for 42-ounce Swirlserve hot-n-cold insulated beverage server

Also interchangeable with Tilt & Pour® covers

Hand wash only

8-quart double-bottle stainless steel wine bucket with handles

47625

Large 6-quart Panacea™ round chafer with gold trim

The Panacea round chafer by Vollrath adds a touch of luxury to any buffet or catering operation and maximizes space. This reliable, durable chafer is made of stainless steel and features a mirror finish and gold trim for a refined appearance. The handles provide a comfortable grip, ensuring convenient transportation, and the cover lifts off easily, allowing you to serve all your favorite dishes in style.

Stainless steel body is durable and long-lasting

Mirror finish and gold trim create a luxurious, sophisticated appearance

Comfortable handles ensure easy transportation

6-quart food pan holds large amounts of food at one time, helping maximize space

Perfect for upscale buffets and catering operations

10-ounce Swirlserve® hot-n-cold insulated beverage server in white

Keep beverages at perfect serving temperatures for hours with the Swirlserve hot-n-cold insulated beverage server by Vollrath. The durable polypropylene construction mimics the appearance of porcelain, without the heavy weight or fragility, while the polyurethane in the body and cover offers exceptional insulation to maintain ideal serving temperatures. Multiple color tabs allow you to color code your server for easy identification, promising superior efficiency and organization, while the unique swirl design creates an eye-catching appearance.

Polypropylene construction is durable, odorless and stain-resistant

Polyurethane insulation in body and cover maintains ideal serving temperatures for hours

Mimics the look of porcelain without the heavy weight or fragility

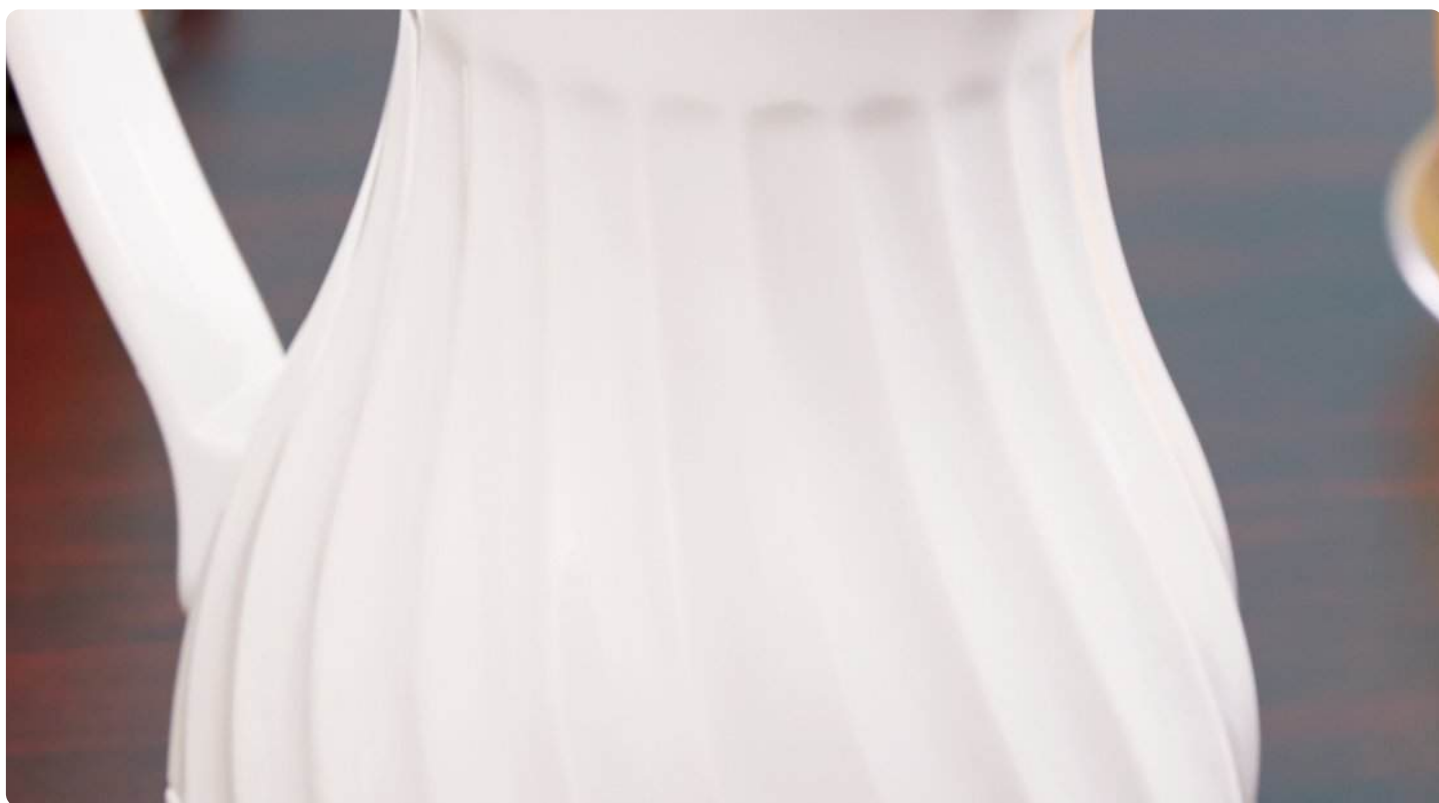

Orange, brown, and white tabs allow you to implement a color-coded system

Strong handle offers a comfortable grip

Samples are required for orders with 144 or more items but are recommended for all orders

Keeps food warm and guards against contaminants during transportation

NSF-certified

Tote 'N Store® chafer box in red

The Tote 'N Store chafer box by Vollrath is the perfect companion to your Vollrath chafer. Made of heavy-duty, impact-resistant plastic, this durable box is designed specifically with protection and transportation in mind and helps prevent scratches, dents and other damage. Thoughtful design features, including integral handles and permanently affixed hinges, make this box easy to use and outstandingly convenient, while the interlocking lid ensures impressive security.

Heavy-duty impact-resistant plastic construction is durable and long-lasting

Integral handles provide a strong, comfortable grip

Interlocking lid ensures impressive protection and stability

Permanently affixed hinged lid opens and closes easily

Nestable and stackable

Designed specifically for storage and transportation for your Vollrath chafer

18.75 x 13.25 Gray Buffetware Box

Chafers are all about elegant presentation and easy transportation - preserve your polished chafer with the Tote 'N Store gray buffetware box. This shallow box is an excellent way to store and transport your buffetware and table service accessories, in one central location, without the concern of damaging or losing items.

Each buffetware box is made of heavy-duty, impact resistant plastic, guarding against potential scratches and dents - maximizing your chafer protection. The flat folding, interlocking lid design ensures the box remains tightly sealed and stable for applied

pressure on top the tote. These stackable and nestable boxes offer several sturdy ledges on top the lid, providing barriers for stacked totes and promising a secure, stacked fit. A stack of these buffetware boxes will not shift in your catering business's van on the way to an event.

Heavy-duty impact resistant plastic construction with integral handles

Nestable and stackable

Permanently affixed hinged lids open and close easily

Ideal for transporting hollow handle buffetware and table service accessories

One- or two-compartment stainless steel taco tray in satin finish

Designed to serve individual portions with stylish convenience, the taco tray by Vollrath creates a fun, engaging presentation. This tray is made of strong stainless steel and features a smooth satin finish that hides signs of wear. Thanks to the versatile design, it offers either one or two compartments and helps control portion sizes. This tray can be used to enhance the presentation of a plated entrée or for preportioned self-service in buffets to speed service and improve sanitation, making it an excellent choice for a variety of establishments.

Stainless steel construction is durable and long-lasting

Satin finish hides signs of wear

Stylish appearance creates a fun, unique presentation

Single-serve design helps control portion sizes

Speeds buffet lines as food is already served

Individual servings improve sanitation

Versatile design creates one or two compartments, depending on which side is facing up

Can be used to enhance the presentation of a plated entrée or for preportioned self-service in buffets and other self-serve establishments

Stainless steel sizzling platter with polyester underliner

Serving all your steaming, sizzling dishes safely has never been easier than with the sizzling platter and underliner by Vollrath. The stainless steel platter is strong and durable, with built-in handles for comfortable gripping, and the underliner is made of high-temperature polyester, which helps maintain those hot serving temperatures. These two components work together to protect your table from the high heat, ensure safe handling and create a streamlined presentation your customers are sure to love.

Heavy-duty 16-gauge stainless steel platter is durable, long-lasting and protects your table from the high heat

High-temperature polyester underliner maintains serving temperatures and resists chipping and breaking

Built-in handles ensure safe transportation

Dishwasher-safe for easy cleaning

10" x 14" polypropylene fast-food tray in red

Designed for frequent use at high-volume establishments, the durable, versatile fast-food tray by Vollrath is made to last. The strong polypropylene construction features unique design elements that improve impact resistance, and the sleek design is easy to clean. A semigloss weave-grain finish reduces slipping, hides signs of wear and creates an attractive appearance.

Polypropylene construction is durable and long-lasting

Semigloss weave-grain finish reduces slipping and hides signs of wear

Thick reinforced rim with corner ribs adds impact strength, reduces breakage and minimizes warping

Four stacking lugs speed drying and prevent sticking

Heat-resistant up to 180°F for 30 minutes

Mirage® full-size induction chafer with glass-top cover and Super Pan V® stainless steel food pan

The Vollrath® Mirage full-size induction chafer allows you to heat and serve a variety of hot dishes with ease. Designed to work with Vollrath induction buffet warmers and other Vollrath induction products, these chafers are efficient, safe and reliable. The included full-size Super Pan V food pan fits large amounts of food at once, and the self-closing lid helps trap heat inside, keeping food hot and saving energy. The glass top allows customers to view items without opening the lid, further reducing energy waste, and it is easily removed at the end of

the night for cleaning. Made of durable, mirror-finish stainless steel, these chafers add a sophisticated, polished look to any buffet or tabletop, and the low-profile design makes service easier than ever.

Induction-ready

Mirror-finish stainless steel is durable and long lasting

Self-closing lid traps heat inside

Glass top provides visibility

Lid can be removed for easy cleaning

Optional stands allow chafers to be used with chafer fuel cups or with the Vollrath electric chafer heater

Designed to fit inside tote box (item number 52647)

Full-size food pan easily fits a variety of hot dishes

Designed for buffets and catering applications

8-quart full-size Mirage® induction chafer with Super Pan V® food pan

Designed to work with Vollrath induction buffet warmers (sold separately), this induction chafer enhances your food presentation with its sleek, mirror-finish 18-0 grade stainless steel. It features a top-of-the-line Super Pan V stainless steel food pan, a self-closing lid, and a removable cover that can easily be taken apart for thorough cleaning. The low-profile design keeps food closer to the countertop surface for easier service. Reinforced brackets and rubber table feet add stability, and its 8-quart capacity minimizes refills. Pair this chafer with a silicon induction mat (sold separately) to prevent your chafer from moving around on the induction warmer.

Induction-ready	Includes full-size Vollrath Super Pan V food pan
18-8 grade stainless steel is durable and long lasting	8-quart capacity
Mirror finish creates an elegant appearance	Designed for buffets, catering operations, hotels and more

It's compatible with induction heat, but also features two built-in fuel holders so you can heat your food product to ideal serving temperatures with fuel, if desired. The stainless steel construction is durable and long-lasting, and the strong legs offer impressive stability.

Stainless steel construction is durable and long-lasting

Strong legs offer stability

Compatible with induction heat

Fuel holders allow you to heat your food product with fuel, if desired

Elevated design creates a sophisticated, engaging display

Designed for your two-thirds-size Mirage induction chafer

1.8-quart Square Colored Double-Wall Insulated Serving Bowl in Fire Engine Red

Serve warm cooked vegetables or chilled pasta salad with this 1.8 qt. dazzle red double wall square beehive serving bowl. Made of heavy-duty, double wall insulated 18/8 stainless steel, it is designed to stand up to the daily rigors of any commercial setting. Both non-porous and non-corrosive, it resists scratches and limits flavor transfer to ensure each dish is served at

its best! Perfect for both hot and cold foods, the air-insulated walls help maintain temperatures for up to 40 minutes without pre-heating or pre-chilling. Plus, the bowl won't sweat as it reacts to changing ambient temperatures. From fresh, leafy salads to piping hot mashed potatoes, this bowl ensures that your chef's vision is carried out every time.

- Double wall construction provides insulation to maintain proper food temperature - hot or cold

Durable color finishes enhance buffet presentation

Will not sweat

Requires no preheating or chilling

Heavy-gauge stainless steel will not affect taste or color of food
- Satin-finished interior hides scratches and wear

Round colored bowls also available

Not recommended for use in ice

1 ⁴/₅-quart square double-wall insulated serving bowl with beehive pattern in black

Retain your food's hot or cold temperature with this stylish square double-wall insulated serving bowl. Thanks to its double wall, heavy-gauge 18-8 stainless steel construction, this bowl does not require preheating or chilling to serve food at its intended temperature. Plus, it won't sweat from piping hot, freshly prepared food or icy cold food at a hot summer event! Showcasing a beehive pattern and satin-finish interior, this bowl creates an attractive display while hiding any scratches from serving utensils or other daily wear-and-tear.

Heavy-gauge stainless steel is long-lasting and will not affect the taste or color of food

Double-wall design maintains serving temperatures and prevents condensation for a clean appearance

Beehive design and square shape catch the eye

Satin-finish interior hides scratches and wear

Cobalt blue exterior enhance buffet presentation

3.2-quart Square Colored Double-Wall Insulated Serving Bowl in Green Apple

Made of highly durable, double wall insulated 18/8 stainless steel, this 3.2 qt. green apple square beehive serving bowl is designed to stand up to the daily rigors of any commercial setting. Both non-porous and non-corrosive, it resists scratches and limits flavor transfer so you can continue serving a variety of dishes for a long time to come! Its air-insulated walls

help maintain temperatures for up to 40 minutes without pre-heating or pre-chilling, making it perfect for both hot and cold foods. Plus, the bowl won't sweat as it reacts to changing ambient temperatures. From fresh, leafy salads to piping hot mashed potatoes, this bowl ensures that your chef's vision is carried out every time.

Double wall construction provides insulation to maintain proper food temperature - hot or cold

Durable color finishes enhance buffet presentation

Will not sweat

Requires no preheating or chilling

Heavy-gauge stainless steel will not affect taste or color of food

Satin-finished interior hides scratches and wear

Round colored bowls also available

Not recommended for use in ice

Color shown in image may differ from options available for specific item

Hand wash only

Miramar[®] resin template in night sky

The Vollrath[®] Miramar resin template fits perfectly into your standard-size well opening, warmer or chafer. Made of durable thermoset resin, this template works for both hot and cold applications and is heat-resistant up to 300°F. It won't warp or fade, and the underside features an integral rib design that provides extra strength and secures the template into the well. The night sky pattern hides any scratches, marks or other signs of wear, and the dark color creates a beautiful contrast to mirror-finish serving pans. This template is easy to clean and sure to impress.

Durable FDA-approved thermoset resin construction will last for years

Heat-resistant up to 300°F

Prevents warping or fading

Dark pattern hides signs of wear and beautifully contrasts with mirror-finished serving pans

Fits all standard 12-inch x 20-inch hot or cold wells, warmers and chafers

Hand wash with mild soap and water

Underside integral rib design provides extra strength and secures the template into the well

Special order template colors and cutouts are available on a make-to-order basis

Ideal for both hot or cold applications

Miramar® stainless steel template for one large oval food pan

The Miramar template by Vollrath gives your buffet line a sophisticated, sleek look. Made of durable stainless steel, this template is designed to hold one large oval food pan. The polished finish doesn't show fingerprints, ensuring a smooth appearance, and it is easy to clean at the end of the night.

12-gauge stainless steel is durable and long-lasting

Smooth design looks sleek and is easy to clean

Integral corner design on bottom ensures a secure fit

Made in the USA

Fits all standard hot or cold wells, including NSF7

Designed to hold one large oval food pan

Miramar® Resin Templates for Decorative Pans

The Vollrath® Miramar resin template fits perfectly into your standard-size well opening, warmer or chafer. Made of durable thermoset resin, this template works for both hot and cold applications and is heat-resistant up to 300°F. It won't warp or fade, and the underside features an integral rib design that provides extra strength and secures the template into the well. The night sky pattern hides any scratches, marks or other signs of wear, and the dark color creates a beautiful contrast to mirror-finish serving pans. This template is easy to clean and sure to impress.

Heat resistant to 300°F (148.8°C)

Will not warp or fade

Template pattern minimizes appearance of wear

Underside integral rib design for extra strength and securing template in well

Provides great contrast to the mirror-finished pans and matches a variety of décor

Special order template colors and cut-outs available on a make-to-order basis - contact your Vollrath sales representative

Fits in all standard 12" x 20" hot/cold wells, warmers and chafers

Miramar[®] Resin Templates for Decorative Pans

The Vollrath[®] Miramar resin template fits perfectly into your standard-size well opening, warmer or chafer. Made of durable thermoset resin, this template works for both hot and cold applications and is heat-resistant up to 300°F. It won't warp or fade, and the underside features an integral rib design that provides extra strength and secures the template into the well. The night sky pattern hides any scratches, marks or other signs of wear, and the dark color creates a beautiful contrast to mirror-finish serving pans. This template is easy to clean and sure to impress.

Heat resistant to 300°F (148.8°C)

Will not warp or fade

Template pattern minimizes appearance of wear

Underside integral rib design for extra strength and securing template in well

Provides great contrast to the mirror-finished pans and matches a variety of décor

Special order template colors and cut-outs available on a make-to-order basis - contact your Vollrath sales representative

Fits in all standard 12" x 20" hot/cold wells, warmers and chafers

Dishwasher safe

Miramar® Resin Templates for Decorative Pans

The Vollrath® Miramar resin template fits perfectly into your standard-size well opening, warmer or chafer. Made of durable thermoset resin, this template works for both hot and cold applications and is heat-resistant up to 300°F. It won't warp or fade, and the underside features an integral rib design that provides extra strength and secures the template into the well. The night sky pattern hides any scratches, marks or other signs of wear, and the dark color creates a beautiful contrast to mirror-finish serving pans. This template is easy to clean and sure to impress.

Heat resistant to 300°F (148.8°C)

Will not warp or fade

Template pattern minimizes appearance of wear

Underside integral rib design for extra strength and securing template in well

Provides great contrast to the mirror-finished pans and matches a variety of décor

Special order template colors and cut-outs available on a make-to-order basis - contact your Vollrath sales representative

Fits in all standard 12" x 20" hot/cold wells, warmers and chafers

Dishwasher safe

BRASS KNOB FOR INSET COVER	23227-1

Sixth-size 2 ½-inch-deep Miramar® stainless steel plain pan

With a plain rim and a simple design, the Miramar plain pan by Vollrath allows the beauty of your food items to shine. The strong stainless steel promises years of use, is easy to clean and features a shiny mirror finish. The standard size fits into well openings or templates, and the shallow depth keeps food visible.

18-8-grade stainless steel construction is durable and long-lasting

Sleek, streamlined design and shiny mirror finish create an attractive presentation

Dishwasher-safe for easy cleaning	Made in the USA
Sized to fit standard well openings and templates	Keeps food warm and guards against contaminants during transportation
Attractive swirl design	NSF-certified

24-inch-wide mobile adjustable breath guard with angled acrylic panel

This adjustable breath guard with the angled acrylic panel by Vollrath creates a sturdy safety barrier that protects customers and employees alike. The acrylic panel is adjustable for heights between 14 ¼ and 25 ¼ inches and creates a shield that guards against airborne contaminants spread by sneezes and other methods. Ideal for use in any area where social distancing is needed, this durable and professional-looking breath guard comes with a mounting kit for easy installation.

24 inches wide

¼-inch-thick clear angled acrylic panel is adjustable for heights between 14 ¼ and 25 ¼ inches

Panel helps create a barrier to prevent the spread of airborne contaminants, protecting your employees and customers

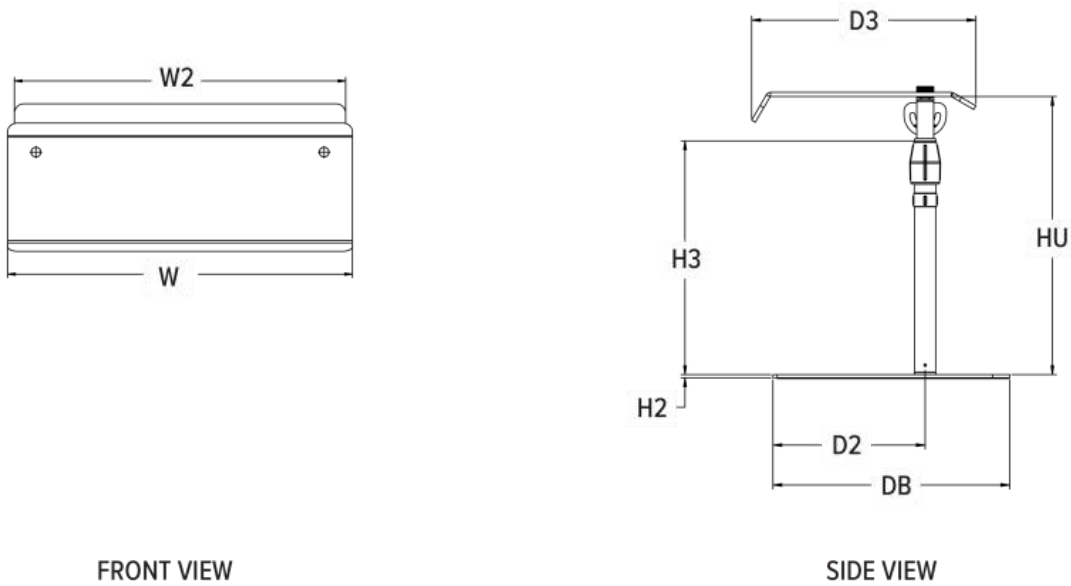

Steel base with powder coating is strong and long-lasting

Made in the USA

Use with your small contoured buffet station

NSF-certified

36-inch-Wide Mobile Breath Guard

The Vollrath® 36-inch-wide mobile breath guard is ideal for both single- and double-sided buffets. The strong steel base maintains stability, and the curved acrylic panel provides a clear view of food products, while protecting them from dust, germs and more. This lightweight breath guard is adjustable from 14 ¼ to 25 ¼ inches, making it easy to transport and adapt to a variety of locations. Shipped knocked-down, this breath guard saves on shipping costs and is easy to assemble.

Durable steel base with powder coating maintains stability

Clear curved acrylic panel ensures visibility and protects food from contaminants

Adjustable from 14 ¼ to 25 ¼ inches in height

Shipped knocked-down, easy to assemble

Lightweight design is easy to transport

Ideal for both single- and double-sided buffets

NOTE: The new item number for this product is MB36

Extra-small square melamine cubic display bowl in black

With lightweight, durable construction and a sleek square design, this cubic display bowl by Vollrath adds a fun, fresh appearance to your serving area. The melamine construction stands up to regular use easily and mimics the look of porcelain without the heavy weight or fragility. Whether you use this bowl by itself or with other items from the cubic display collection, it's sure to draw attention. The extra-small size is ideal for sauces, dips, sides, snacks and more.

Melamine construction is durable and long-lasting

Mimics the look of porcelain without the heavy weight or fragility

Classic black blends beautifully with the rest of your serving ware

Modern square design

Sold only in case lots

Six-compartment round wire flight caddy in black

Serve a variety of your most popular drinks with the wire flight caddy by Vollrath. With six compartments, this caddy allows you to show off your expansive menu offerings, while the round design creates an engaging display. The sturdy construction and smooth finger grip promise convenient transportation, and the compartments easily hold wine glasses or small cups, helping you to serve with efficiency and ease.

Wire construction is durable and long-lasting

Round design creates an engaging display

Finger grip ensures convenient transportation

Dishwasher-safe

Fits six glasses or small cups (not included)

Maximum glass diameter of 3 ½ inches, stem length of 4 ¾ inches

Designed for wineries, breweries, bars and more
